Good Action S For Tween Girls

Fiona MacDonald

Good Action S For Tween Girls:

Childhood and Tween Girl Culture Fiona MacDonald, 2017-01-23 This book explores the ways in which notions of childhood are being influenced by a rapidly expanding consumer media culture in the 21st Century It has been argued that new stages of childhood are being created and defined by children's role as consumers The concept of tween girls aged between 9 and 14 has generated the greatest debate While the fantasy world of tween offers girls a space to fashion a young feminine identity it has been widely argued that the consumer media's messages pressure tween girls to consume and adopt highly sexualised appearances and behaviours The author considers how the art of consumption for tween girls is intrinsically linked with their desire for independence and belonging and how their consumption is interwoven with other important social and cultural influences The book will be of interest to scholars and students in the fields of Childhood and Youth Studies Cultural Studies Feminist and Women's Studies and Sociology

Congratulations, You've Got Tweens!

Totally Tweens and Teens Diane P. Tuccillo, 2020-04-30 The library programs featured in this unique collection are those that have been suggested created and led by youth with the help and guidance of the supportive adults at their library Many times librarians bring ideas to teens in hopes of getting them to buy in and perhaps help them to run programs In this

book you'll primarily find a role reversal. Tweens and teens lead the way with whatever adult information support and supervision they need to see their proposals through. To accomplish this, the youth are encouraged to create new ideas, are empowered to make decisions and are given control. Plus, the ideas they bring to life are not just peer focused. The programs, activities, and events they create and lead can be for children, adults, or even for all ages or mixed audiences, as well as for fellow tweens and teens. In addition to finding a wide array of proven ideas, recommendations, and testimonials from real tweens and teenagers, you will discover helpful advice on using the philosophies behind allowing youth to not only have a say but to take action, testimonials from adults who have worked directly with youth having this level of empowerment, suggestions on getting approval and providing funding and other support for youth ideas, ways to evaluate such youth-led programs, and sample forms, flyers, and other materials that can be adapted. **Tweencom Girls** Patrice A.

Oppliger, 2018-12-17 **Tweencom Girls** analyzes the different ways character tropes are portrayed in media targeted at eight to twelve year olds, particularly female characters over the last twenty-five years. The book focuses particularly on sitcoms produced by the cable giants Disney Channel and Nickelodeon because of their popularity and ubiquity. It provides extensive examples and alternative interpretations of the shows' tropes and themes, particularly for those who are unfamiliar with the genre. The first section explores common tweencom tropes, focusing on different themes that are prevalent throughout the series. The second section includes a discussion of the big picture of how tropes and themes give insight into the female characters portrayed in the popular tweencom programming, as well as advice to parents and educators. **Moms' Ultimate Guide to the Tween Girl World** Nancy N. Rue, 2010-07-27 Today's mom is faced with the task of helping her 8 to 12 year old daughter grow up in a society that compels her little girl to grow up too fast. **Moms' Ultimate Guide to the Tween Girl Years** gives mothers practical advice and spiritual inspiration that will enable them to see their mini women into adolescence strong, confident, authentic, and God-centered, even in a morally challenged society without losing their childhoods before they're ready. **Bold Parents, Positive Teens** Karen Dockrey, 2011-03-30 Your Teenagers Are Under Attack! Help Them Defend Themselves. The world presents an unflattering, one-sided picture of teenagers: rebellious, alienated, and hostile to adult guidance. Sadly, many Christian parents embrace this myth and refuse to provide the direction their teens hunger for. We want our sons and daughters to make godly choices, but we wrongly assume they have stopped listening to us. It's hard to know how to lead our changeable and unpredictable teens, or if we should even try. Even well-meaning parents believe the myth that teens do best when they experiment with life and learn from their mistakes. No approach could be more destructive. The stormy years of adolescence are the worst time for parents to back off. This is the time when bad friends, unharnessed emotions, rebellion, and a long list of irreparable mistakes could ruin your teen's life. More than ever, this is the time our sons and daughters need proactive and confident parents. Don't Get Overwhelmed. Get Involved. No matter what your parenting history, **Bold Parents, Positive Teens** shows how you can get confidently back into the game and stay there. Focusing on ten of

the greatest challenges faced by teenagers today this invaluable guidebook provides the clear direction and commonsense wisdom every parent needs to love and guide their teenagers while effectively addressing their teens deepest needs
