AN UNFORGETTABLE TALE OF FEAR AND DESPAIR DURING A CHOLERA EPIDEMIC

Cholera had many nicknames King Cholera and the Blue Death due to the bluish pallor of its victims It caused more deaths than any other disease in the 19th century People were deathly afraid of cholera and fear spread faster than the disease itself Cholera victims were simply abandoned on the roads and wagons were sent around to collect the bodies and bury them in cholera pits During those dark days stories spread about reopening coffins in which the dead had apparently revived after burial only to die in a futile attempt to escape No one wanted to bury a loved one who might still be alive which led to the habit of keeping corpses around so that the families could be sure the person had really died
