Information and Communications for Development 2018 World Bank,2018-11-08 The Information and Communications for Development series looks in depth at how information and communications technologies are affecting economic growth in developing countries This new report the fourth in the series examines the topic of data driven development or how better information makes for better policies The objective is to assist developing country firms and governments in unlocking the value of the data they hold for better service delivery and decision making and to empower individuals to take more control of their personal data We are undoubtedly experiencing a data revolution in which our ability to generate process and utilize information has been magnified many times over by the machines that we increasingly rely upon This report is about how the data revolution is changing the behavior of governments individuals and firms and how these changes affect the nature of development economic social and cultural How can governments extract value from data to improve service delivery in the same way that private companies have learned to do for profit Is it feasible for individuals to take ownership of their own data and to use it to improve their livelihoods and quality of life Can developing country firms compete with the internet majors on their own turf and be even more innovative in their use of data to serve local customers better Though the report is aimed primarily at government policy makers it also has great relevance for individuals concerned about how their personal data is used and how the data revolution might affect their future job prospects For private sector firms particularly those in developing countries the report suggests how they might expand their markets and improve their competitive edge For development professionals the report provides guidance on how they might use data more creatively to tackle long standing global challenges such as eliminating extreme poverty promoting shared prosperity or mitigating the effects of climate change The report s chapters explore different themes associated with the supply of data the technology underlying it and the demand for it An overview chapter focuses on government use of data and presentation of definitions Part I of the report then looks at the supply side of the data sector with chapters on data connectivity and capacity where data comes from how it is stored and where it goes and data technology specifically big data analytics and artificial intelligence and how this is contributing to development Part II looks at the sector s demand side with a chapter on people s use of data and another that examines how firms use digital platforms in the data economy and how that contributes to competitiveness Part III brings together the

policy implications for developing country stakeholders with a chapter considering government policies for data including data protection and privacy A closing Data Notes appendix looks at statistical indicators associated with the use of data and presents the 2018 update of the Digital Adoption Index DAI a composite indicator introduced in the 2016 World Development Report Digital Dividends

Handbook of Research on Developments and Future Trends in Transnational Higher Education Morris, Gareth Richard, Li, Li, 2023-01-05 Higher education has embraced a period of increasingly rapid development due to the speed of technological advances increased global competition an ever more astute and savvy consumer base and ethical planetary responsibilities One such educational development is transnational education TNE The global pandemic has made TNE a timely topic because traditional international education which relies on the mobility of staff and students experienced unprecedented challenges with borders closed and travel banned This has presented the international education community with a unique opportunity to reassess the effectiveness and efficiency of transnational activities from a social ethical and environmental perspective The Handbook of Research on Developments and Future Trends in Transnational Higher Education offers a perspective of what the future of TNE may look like what models of TNE there are its impact and what institutions may have to do to be successful moving forward Universities around the world are growing their TNE partnerships This reference book explores the benefits TNE can offer universities staff and students while increasing its global outlook and capabilities It further provides concrete suggestions to readers considering this Covering topics such as employability skill enhancement formative assessment and online higher education this major reference work is an excellent resource for faculty and administrators of higher education teacher educators entrepreneurs researchers librarians and academicians

English for Academic Research: A Guide for Teachers Adrian Wallwork, 2016-05-19 Scientific English is possibly the most rewarding area of EFL teaching It differs from English for Academic Purposes EAP as it is directed to a much smaller audience PhD and postdoc students Courses on Scientific English are held in universities throughout the world yet there is very little support for teachers in understanding what to teach and how to teach it This guide is part of the English for Academic Research series Part 1 of the book sheds light on the world of academia the writing of research papers and the role of journal editors and reviewers Part 2 gives practical suggestions on how to help your students improve their presentation skills In Part 3 you will learn how to teach academic skills using nonacademic examples Parts 1 3 are thus useful for anyone involved in teaching academic English whether they have used the other books in the series or not Part 4 suggests two syllabuses for teaching writing and presenting skills based on the two core books English for Writing Research Papers English for Presentations at International Conferences This book will help you i understand the world of your students i e academic research ii plan courses and iii exploit the What's the Buzz sections in the books on Writing Presentations Correspondence and Interacting on Campus Adrian Wallwork has written over 30 books covering General English Cambridge University Press Scholastic Business English Oxford University Press and Scientific English

Springer He has trained several thousand PhD students from all over the world to write and present their research Adrian also runs a scientific editing service English forAcademics E4AC

The Junior Medical Officer's Guide to the Hospital Universe John Shi,2022-12-22 something special out of the ordinary I wish I had had a manual like this one at that stage of my career I would have found the multitude of templates and lists a godsend an accessible entertaining work about life in medicine Professor David Bennett AO Adolescent Health Physician Developmental Paediatrics Sydney Australia As a doctor who has recently completed her internship on reflection there are so many things I wish I knew before starting The author has done an exceptional job in providing a great summary of advice to assist JMOs survive their first years in the hospital which is very relevant to their day to day work The writing style is relatable and makes for an easy to read book which is also comical at times Dr Mitsi Blazos Basic Physician Trainee The Alfred Hospital Melbourne Australia The JMO Years Insane Hours Endless patients Mountains of paperwork Inexorable pressure Interminable years of training No life outside work How will you get the job done well How will you survive Look no further This is the essential guide to the real life of and in the hospital Providing invaluable guidance throughout with this book as your companion you will be able to clear those discharges get those consults survive after hours get your work life balance in order and ultimately be the doctor you really want to be Addressing every facet of the JMO s true role the book enables and supports junior doctors and medical students to thrive in their new position within the hospital system aiding the streamlined completion of administration maximising efficiency with no compromise in accuracy all with the final objective of ensuring the best possible outcome for patients while maintaining the health function and happiness of the health care provider
