Histoire Ve Rpublique 15e D:

The Republic of de Gaulle 1958-1969 Serge Bernstein,1993-04 The Republic of De Gaulle offers a comprehensive account the fullest yet available in English of the eleven years that followed the establishment of the Fifth Republic in 1958 Serge Bernstein analyses the new constitutional and political system that emerged under De Gaulle and shows how France was able to disengage from the ruinous Algerian War He then conducts a detailed analysis of the socio economic changes wrought during this period and discusses the aims of De Gaulle s highly individualistic foreign policy In the final section Professor Bernstein traces the decline of De Gaulle s ascendancy up to his eventual resignation in 1969 In conclusion the author assesses the contribution of a remarkable political leader to the not less remarkable changes that took place in France during his presidency This volume lucidly translated by Peter Morris features all those student aids now associated with the series

The Pompidou Years, 1969-1974 Serge Bernstein,Jean-Pierre Rioux,2000-03-13 This is the latest volume to appear in the successful Cambridge History of Modern France series and is the most authoritative account available of the presidency of Georges Pompidou Pompidou consolidated the constitutional changes made by de Gaulle to the extent that he is now regarded as the Fifth Republic s second founding father and continued his haughty attitudes to foreign policy He also launched a programme of modernisation and industrialisation under Pompidou France saw both the climax and the end of the post war boom Serge Bernstein and Jean Pierre Rioux analyse the politics of the period and also give an overview of France s economy culture and society Their comprehensive study contains all the standard features such as maps chronology and tables which have helped this series to establish itself as the premier multi volume account of modern France Students scholars and teachers in history and political studies will find this volume invaluable The Senate of the Fifth French Republic P. Smith,2009-10-21 Paul Smith examines how the Senate has attempted since 1958 to locate itself within the French semi presidential system how it asserts its place in relation to the President Government and National Assembly and how it has sought in recent years to develop an autonomous and particular sense of identity **Toutes les clés pour**
