

Vietcong military tactics.

- **Guerrilla warfare**

Guerrilla warfare is the art of using knowledge of the landscape to avoid open battle with the enemy and to launch raids and surprise attacks, before disappearing back into the undergrowth. The Vietcong had experience of doing this while fighting the Japanese and the French after World War Two - they were very familiar with the terrain and the climate. They used the Ho Chi Minh Trail, which stretched from North Vietnam to the South, to keep their forces supplied.

- **Support from peasants**

The Vietcong won the 'hearts and minds' of the South Vietnamese peasants. They would offer to help them in their daily work and also promised them land, more wealth and freedom under Ho Chi Minh and the communists. It was difficult for American troops to know who was a Vietcong and who was not.

- **Ho Chi Minh Trail:**

Ho Chi Minh Trail: Vietcong guerrillas were kept well supplied by a constant stream of weapons from the North. These were carried on foot, by bicycle and mule along the Ho Chi Minh Trail - a jungle trail which wound through the neighbouring countries of Laos and Cambodia and which was bombed by the US Army but never fully disrupted.

The Vietcong had a hidden system of tunnels stretching over 200 miles. There were hospitals, armouries, sleeping quarters, kitchens and wells underground. These tunnel systems could hide thousands of Vietcong which helped them fight their guerrilla war. It would be the job of US 'tunnel rats' to search these tunnels. However, they were often booby-trapped with spikes and grenades.
