### **Introduction to Criminology**

Frank E. Hagan, Leah E. Daigle, 2019-01-02 This is one of the best texts I have seen in a while. It makes the world of criminology less daunting and more relevant. Allyson S. Maida, St. John's University. Introduction to Criminology Tenth Edition is a comprehensive introduction to the study of criminology focusing on the vital core areas of the field: theory, method, and criminal behavior. With more attention to crime typologies than most introductory texts, Hagan and Daigle investigate all forms of criminal activity such as organized crime, white collar crime, political crime, and environmental crime. The methods of operation, the effects on society and policy decisions, and the connection between theory and criminal behavior are all explained in a clear, accessible manner. A Complete Teaching Learning Package.
