immediately deal with a hostile child support system that seemed intent on sending him back to prison over money he didn't have. Boothe shares how the current child support system poorly served him and his family and identifies and analyzes many areas within the system that need fixing. Boothe identifies racism, emotionalism, anti male feminism, and profit motive as the main driving forces of the U.S. child support system, not the bettering of the welfare of children. Upon finding that unemployed and underemployed black fathers are disproportionately the recipients of the worst punitive actions that the system has to offer due to economic and racial reasons, Boothe decided to pen a book about it, hoping to shed some much needed light on this issue. Important facts and in book points of discussion about the U.S. Child Support System and the black family: Over 115 billion dollars is currently owed to the government in back child support and associated fees, mostly by poor black fathers. The U.S. Child Support System began formation in the early 1800s and was originally designated for white women only and has since only been updated to incorporate more punitive enforcement actions that are now levied disproportionately against poor black fathers. The Child Support System has been instrumental in the much talked about breakdown and dwindling of the two parent black family household since the late 1970s. The Child Support System prioritizes payments over parentage when it comes to fathers, while nearly 70% of all black children in the U.S. are raised in households headed by single women. The U.S. Child Support System actively serves as a form of probationary surveillance on poor fathers. The U.S. Child Support System is openly anti family and anti male. The American Feminist Movement, which started in the early 1800s as a white women only movement that sought to create more economic parity and equity between white men and women, is largely responsible for the anti male slant within the U.S. Child Support System. The U.S. Child Support System helped create the false Deadbeat Dad stereotype that the mainstream media often only relegates to black men. The U.S. Child Support System helped create the Bitter Baby Mama syndrome in the black community. Federal and state governments reap multilevel economic profits via the U.S. Child Support System.

The Two-Income Trap Elizabeth Warren, Amelia Warren Tyagi, 2016-04-12

From 1 New York Times bestselling author Senator Elizabeth Warren and consultant Amelia Warren Tyagi, the classic book about America's middle class and why economic security remains out of reach for many. In this exposé, Elizabeth Warren and Amelia Warren Tyagi show that modern middle class families are increasingly trapped by the grinding reality of flat wages and rising costs. Warren and Tyagi reveal how a ferocious bidding war for housing and education has silently engulfed America's suburbs, driving up the cost of keeping families in the middle class and placing unprecedented pressure on hard working families. Revolutionary when it was first published in 2003, *The Two Income Trap* remains disturbingly relevant today. Now with a new introduction by the authors, *The Two Income Trap* shows why the usual remedies won't solve the problem and points toward the policy changes that would create better opportunities for both parents and children.
