This study positions four musicals and their associated artists as mobilizers of defiant joy in relation to trauma and healing in Puerto Rico This book argues that the historical trajectory of these musicals has formed a canon of works that have reiterated resisted or transformed experiences of trauma through linguistic ritual and geographic interventions These traumas may be disaster related migrant related colonial or patriarchal Bilingualism and translation ritual action and geographic space engage moments of trauma natural disaster incarceration death and healing community celebration grieving emancipation in these works The musicals considered are West Side Story 1957 2009 2019 The Capeman 1998 In the Heights 2008 and Hamilton 2015 Central to this argument is that each of the musicals discussed is tied to Puerto Rico either through the representation of Puerto Rican characters and stories or through the Puerto Rican positionality of its creators The author moves beyond the musicals to consider Lin Manuel Miranda as an embodied site of healing that has been met with controversy as well as post Hurricane Maria relief efforts led by Miranda on the island and from a distance In each of the works discussed acts of belonging shape notions of survivorship and witness This book also opens a dialogue between these musicals and the work of island based artists Y no hab a luz that has served as sites of first response to disaster This book will be of interest to students and scholars in Latinx Theatre Musical Theatre and Translation studies The Works of Lord Byron George Gordon Byron Baron Byron,1852 *The Last Call* Mohamad Idrakisyah,2020-06-24 The current state of Islamophobia has distanced many from learning about Islam and ironically in some cases even the Muslims began to doubt
