

A romantic illustration of a bride and groom in a tropical setting. The groom, on the left, is wearing a dark grey suit and a dark tie, leaning towards the bride. The bride, on the right, has long, wavy brown hair and is wearing a white wedding dress. She is holding a large bouquet of white and purple flowers. They are both smiling and looking at each other. The background features palm trees and a sunset sky with soft, warm colors. The title 'Hurricane After' is written in a large, elegant, white script font with a purple outline, positioned at the top of the image.

volunteer fire department think she's great. Suspicious of Allie's motives, he decides to drive her away out of sheer boredom, but that's not so easy when someone begins causing fires and other catastrophes around the area. That someone might be Allie, who has plans of her own.

Pirates & Patriots, Tales of the Delaware Coast Michael Morgan, 2005 Libraries archives and museums reveal clues to the colorful characters lining the history of Delaware from its earliest colonial days to the invention of the beach resort and the founding of the nation's Summer Capital to World War II and the present. Author Michael Morgan brings together this kaleidoscopic view of the men of the sea and the beachfront tycoons who shaped Delaware and its role in the development of America in war, politics and business from the Europeans' arrival at Cape Henlopen until modern times. While the intrepid patriot Henry Fisher and the infamous serial killer Patty Cannon are not known beyond the boundaries of southern Delaware, others such as William Penn, Captain Kidd and the DuPonts enjoy more widespread reputations. Here, tales of shipwrecks and rumrunners combine with the politics of slavery and suffrage to illuminate the history of one corner of the United States, a microcosm that synthesizes light on various facets of the development of the United States in a broader context. Michael Morgan pens a weekly column, *Delaware Diary*, in the *Delaware Coast Press* and has authored many stories for *The Baltimore Sun*, *Maryland Magazine*, *Civil War Times Illustrated*, *America's Civil War* and other periodicals for the past 15 years. He is a frequent guest speaker at historical societies in Lewes, Georgetown and other towns along the Delaware coast.

Mercy Jodi Picoult, 2020-02-25 The #1 New York Times bestselling author and master at targeting hot issues and writing highly readable page-turners about them, *The Washington Post* weaves an unforgettable and moving novel of a small town gripped by a shocking and controversial murder trial. Cameron McDonald, the police chief of his small New England town, is forced to make the toughest arrest of his life when his cousin Jamie confesses that he has killed his wife. He claims that since she was suffering from a terminal disease, he ended her life out of mercy. Now a heated murder trial plunges the town into upheaval and drives a wedge into a contented marriage. Cameron, aiding the prosecution in their case against Jamie, is suddenly at odds with his devoted wife Allie, who believes Jamie so loved his wife he granted her wish to end her life. And when an inexplicable attraction leads to a shocking betrayal, Allie faces the hardest questions of the heart: when does love cross the line of moral obligation? And what does it mean to truly love another? Praised for her personal detail, rich style, *Glamour* Jodi Picoult infuses this page-turning and evocative novel with heart, warmth and startling candor.

North Jesse M. Keenan, 2025-12 In *North*, Jesse M. Keenan argues that America is on the verge of a great northern climate migration that will likely reshape everything from the urban landscape to electoral politics. First, he provides a conceptual, analytical and empirical overview of adaptation science with a focus on how and where people are going to live, work and build communities. Next, Keenan examines the geography of climate migration within the context of broader demographic, housing and economic trends in America. Not just a collection of scientific observations and projections about America's

future in the face of climate change North explores the dawning of a post climate era defined by the promise of a more sustainable way of life for those on the move and the peril of those left behind *A Love Beyond Words* Sherryl
