

Attaching the extension plate

Pull out the catch on the back of the extension plate with the index finger of your right hand. Then grasp the extension plate support with your left hand and turn it down.

There is also an indentation on the back of the extension plate which should be fitted into a corresponding lip on the back of the sewing machine.

Keep the catch pulled out while you carefully slide the plate on to the machine. First fit the indentation onto the lip and then let the catch engage in its hole.

Lighting

The light switch for the lamp is on the underside of the machine's upper arm.
