## **Hysteria Volume One A Victorian Doctor Erotic Series:**

Hysteria Beyond Freud Sander L. Gilman, Helen King, Roy Porter, G. S. Rousseau, Elaine Showalter, 2024-03-29 She s hysterical For centuries the term hysteria has been used by physicians and laymen to diagnose and dismiss the extreme emotionality and mysterious physical disorders presumed to bedevil others especially women How did this medical concept assume its power What cultural purposes does it serve Why do different centuries and different circumstances produce different kinds of hysteria These are among the questions pursued in this absorbing erudite reevaluation of the history of hysteria The widely respected authors draw upon the insights of social and cultural history rather than Freudian psychoanalysis to examine the ways in which hysteria has been conceived by doctors and patients writers and artists in Europe and North America from antiquity to the early years of the twentieth century In so doing they show that a history of hysteria is a history of how we understand the mind This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1993 **Approaching**

**Hysteria** Mark S. Micale, 2019-01-15 Few diseases have exercised the Western imagination as chronically as hysteria from the wandering womb of ancient Greek medicine to the demonically possessed witch of the Renaissance from the vaporous salong women of Enlightenment Paris through to the celebrated patients of Sigmund Freud with their extravagant erotically charged symptoms In this fascinating and authoritative book Mark Micale surveys the range of past and present readings of hysteria by intellectual historians historians of science and medicine scholars in gender studies art history and literature and psychoanalysts psychiatrists clinical psychologists and neurologists In so doing he explores numerous questions raised by this evergrowing body of literature Why in recent years has the history of hysterical disorders carried such resonance for commentators in the sciences and humanities What can we learn from the textual traditions of hysteria about writing the history of disease in general What is the broader cultural meaning of the new hysteria studies In the second half of the book Micale discusses the many historical cultures of hysteria He reconstructs in detail the past usages of the hysteria concept as a powerful descriptive trope in various nonmedical domains including poetry fiction theater social thought political criticism and the arts His book is a pioneering attempt to write the historical phenomenology of disease in an age preoccupied with health and a prescriptive remedy for writing histories of disease in the future Mark S Micale is Assistant Professor of History at Yale He is the editor of *Beyond the Unconscious* Essays of Henri F Ellenberger Princeton Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to

vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**A Practical Reader in Contemporary Literary Theory** Peter Brooker, Peter Widdowson, 2014-05-22 This introduction to practicing literary theory is a reader consisting of extracts from critical analyses largely by 20th century Anglo American literary critics set around major literary texts that undergraduate students are known to be familiar with It is specifically targeted to present literary criticism through practical examples of essays by literary theorists themselves on texts both within and outside the literary canon Four example essays are included for each author text presented

Evolutionary Rhetoric Wendy Hayden, 2013-02-14 In Evolutionary Rhetoric scholar Wendy Hayden provides a comprehensive examination of the relationship between scientific and feminist rhetorics in free love feminism studying the movement from its inception in the 1850s to its dark turn toward eugenics in the early 1900s Hayden organizes her provocative study by scientific discipline evolution physiology bacteriology embryology and heredity Each chapter explores how free love feminists adopted the evidence of that discipline in their arguments for increased sex education women s sexual rights reproductive freedom and the abolition of a marriage system that repressed the rights and the sexuality of women Hayden takes our conventional understanding of the relationship between nineteenth century feminism and science and expands it The author provides examples of the powerful words of free love feminists to show exactly how these exceptional women used science as a rhetorical platform to promote feminist and often radical social reforms Considering why the free love movement has not yet been studied Hayden also discusses how the recovery of this movement may impact larger goals in the recovery of women s rhetoric This important and timely study of a long forgotten movement adds to our understanding of the complexities of the history of feminism

Players and Performances in the Victorian Theatre George Taylor, 1993

Neo-/Victorian Biographilia and James Miranda Barry Ann Heilmann, 2018-06-27 Senior colonial officer from 1813 to 1859 Inspector General James Barry was a pioneering medical reformer who after his death in 1865 became the object of intense speculation when rumours arose about his sex This cultural history of Barry s afterlives in Victorian to contemporary neo Victorian life writing biographilia examines the textual and performative strategies of biography biofiction and biodrama of the last one and a half centuries In exploring the varied reconstructions and re imaginations of the historical personality across time the book illustrates not least with its cover image that the real James Barry does not exist any more than does the faithful biographical biofictional or biodramatic rendering of a life in a generically stable and discrete form What Barry represents and how he is represented invariably pinpoints the imaginative the speculative and the performative reflections and refractions in the looking glass of genre Just as James Miranda Barry as a subject of cultural inquiry comes into being and remains in view in the act of crossing gender so neo Victorian life writing constitutes itself through similar acts of boundary transgression Transgender thus finds its most typical expression in transgenre

**Lost Souls** Diana Peschier, 2019-11-28 How did the Victorians view mental illness After discovering the case

notes of women in Victorian asylums Diana Peschier reveals how mental illness was recorded by both medical practitioners and in the popular literature of the era and why madness became so closely associated with femininity Her research reveals the plight of women incarcerated in 19th century asylums how they became patients and the ways they were perceived by their family medical professionals society and by themselves *Handbook of the English Novel, 1830-1900* Martin Middeke, Monika Pietrzak-Franger, 2020-05-05 Part I of this authoritative handbook offers systematic essays which deal with major historical social philosophical political cultural and aesthetic contexts of the English novel between 1830 and 1900 The essays offer a wide scope of aspects such as the Industrial Revolution religion and secularisation science technology medicine evolution or the increasing mediatisation of the lifeworld Part II then leads through the work of more than 25 eminent Victorian novelists Each of these chapters provides both historical and biographical contextualisation overview close reading and analysis They also encourage further research as they look upon the work of the respective authors at issue from the perspectives of cultural and literary theory **Lady Limbo** Consuelo Roland, 2012 One Friday evening Daniel de Luc an elusive crime writer with a deep love of poetry disappears from a Camps Bay apartment while cooking pasta His wife Paola desperately worried after days of hearing nothing is contacted by an eccentric stranger who claims to have known her missing husband under a different name and warns her not to look for him Paola soon learns that her husband was involved in the shadowy world of the international sex industry where well heeled women pay men to become the anonymous fathers of their children As her neat controlled existence is turned inside out Paola struggles to keep a level head and find her own humanity while trying to outwit her enemies and stay alive The result is a fast paced thriller that shifts between Cape Town and Paris blending realism with the fantastic and pitting love against the attraction of sexual adventure **Victorian Crime, Madness and Sensation** Andrew Maunder, Grace Moore, 2004 Beginning with Victoria's enthronement and an exploration of sensationalist accounts of attacks on the Queen and ending with the notorious case of a fin de siècle killer Victorian Crime Madness and Sensation throws new light on nineteenth century attitudes toward crime and deviance The essays which draw on both canonical and liminal texts examine the Victorian fascination with criminal psychology and pathology engaging with real life cases alongside fictional accounts by writers as diverse as Ainsworth Stevenson and Stoker Among the topics are shifting definitions of criminality and the ways in which discourses surrounding crime changed during the nineteenth century the literal and social criminalization of particular sex acts and the gendering of degeneration and insanity As fascinated as they were with criminality the Victorians were equally concerned with solving crime and this collection also focuses on the forces of law enforcement and nineteenth century attempts to read the criminal body as revealed in Victorian crime fiction and reportage Contributors engage with the detective figure and his growing professionalization while examining the role of science and technology both at home and in the Empire in solving cases Unfolding the Cards Ian Damerell, 2015-03-03 These essays attempt to confront the effect of years of postmodernity and

its promotion of individuality at the cost of solidarity and communal spirit In the wake of this it suggests possible frameworks for an art study that restores a certain focus on communal spirit It proposes too that art study s fragile position in contemporary society is a consequence of over commercialisation and its resultant surface values Consumerist and corporate ideology encourage the consumer individual s self realisation seemingly divorced from communal interests Within this isolation lies the potential breakdown of ethics Therefore I dream of a kinder society i e one where we are engaged in realising the community as its citizens This is not blind obedience but in a spirit of contributing to a whole society More specifically it means allowing and to a degree maintaining art study as a sphere of possibilities for budding citizen artists It is envisaging art study as a discursive arena and creating an academic space that allows for art s main contribution the dislodging of the so called proper i e entrenched doctrine I believe that art study can contribute to the improving of society in the main because art enacts a different sharing of the sensible

Confessional Subjects Susan David Bernstein,2000-11-09

Susan Bernstein examines the gendered power relationships embedded in confessional literature of the Victorian period Exploring this dynamic in Charlotte Brontë s *Villette* Mary Elizabeth Braddon s *Lady Audley s Secret* George Eliot s *Daniel Deronda* and Thomas Hardy s *Tess of the d Urbervilles* she argues that although women s disclosures to male confessors repeatedly depict wrongdoing committed against them they themselves are viewed as the transgressors Bernstein emphasizes the secularization of confession but she also places these narratives within the context of the anti Catholic tract literature of the time Based on cultural criticism poststructuralism and feminist theory Bernstein s analysis constitutes a reassessment of Freud s and Foucault s theories of confession In addition her study of the anti Catholic propaganda of the mid nineteenth century and its portrayal of confession provides historical background to the meaning of domestic confessions in the literature of the second half of the century Originally published in 1997 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

*The World's 100 Weirdest Museums* Geoff Tibballs,2016-10-20

When we think of the world s great museums we tend to think of the Louvre the Guggenheim or the Victoria and Albert We do not immediately think of the Dog Collar Museum the Kansas Barbed Wire Museum the Museum of Broken Relationships or Barney Smith s Toilet Seat Art Museum Yet scattered across the globe are museums dedicated to every conceivable subject from bananas to Bigfoot lawnmowers to leprechauns teapots to tapeworms mustard to moist towelettes and pencils to penises Many are serious collections housed in grand buildings others are located in tiny premises and are open to visitors by appointment only often the result of one person s crazy lifetime obsession This book lists the world s 100 weirdest museums in order of quirkiness encompassing such delights as The Museum of Witchcraft in Cornwall a museum in Kentucky that houses 800 ventriloquists dolls the Museum of Bad Art in Massachusetts the Paris Sewer Museum the French Fry Museum in

Bruges the Museum of Contraception and Abortion in Vienna the Salt and Pepper Shaker Museum in Tennessee Japan's Momofuku Ando Instant Ramen Museum quite possibly the world's only museum devoted to instant noodles and the Kunstkamera in St Petersburg home to Peter the Great's collection of oddities including deformed fetuses and the decapitated head of a love rival preserved in vinegar After all what holiday is complete until you have seen a 300 year old decapitated human head in a jar Each entry will include address contact and admission details so the next time you are in Berlin there is no excuse for missing out on a visit to the Currywurst Museum the world's leading museum dedicated to sausages in hot ketchup      Sociology of Sexualities Kathleen J. Fitzgerald, Kandice L. Grossman, 2024-09-02 Sociology of Sexualities is an insightful exploration of sexuality through a sociological lens offering a comprehensive understanding of sexualities and gender identities The Third Edition brings to light the current societal challenges faced by LGBTQ and reproductive rights the influence of technology on sexuality and the impact of the COVID 19 pandemic on sexual behaviors

*Uneven Developments* Mary Poovey, 2009-02-15 Mary Poovey's *The Proper Lady and the Woman Writer* has become a standard text in feminist literary discourse In *Uneven Developments* Poovey turns to broader historical concerns in an analysis of how notions of gender shape ideology Asserting that the organization of sexual difference is a social not natural phenomenon Poovey shows how representations of gender took the form of a binary opposition in mid Victorian culture She then reveals the role of this opposition in various discourses and institutions medical legal moral and literary The resulting oppositions partly because they depended on the subordination of one term to another were always unstable Poovey contends that this instability helps explain why various institutional versions of binary logic developed unevenly This unevenness in turn helped to account for the emergence in the 1850s of a genuine oppositional voice the voice of an organized politicized feminist movement Drawing on a wide range of sources parliamentary debates novels medical lectures feminist analyses of work middle class periodicals on domesticity Poovey examines various controversies that provide glimpses of the ways in which representations of gender were simultaneously constructed deployed and contested These include debates about the use of chloroform in childbirth the first divorce law the professional status of writers the plight of governesses and the nature of the nursing corps *Uneven Developments* is a contribution to the feminist analysis of culture and ideology that challenges the isolation of literary texts from other kinds of writing and the isolation of women's issues from economic and political histories

**The Haunted Study** P. J. Keating, 2012-10-04 *The Haunted Study* a rare example of a work of literary history that is genuinely interdisciplinary explores how the leading novelists of the late Victorian and Edwardian periods came to develop so many of the attitudes that are now generally accepted as characteristically modern The writing of fiction is not

treated as though it exists in some kind of isolation but is shown to be intimately related to other forms of social activity Conrad James Meredith and their immediate modernist successors Joyce Lawrence and Woolf may now seem to be set apart in a variety of crucial ways from say Ouida and Marie Corelli or even Gissing Wells and Bennett but all of them worked within the same rapidly changing society and were unavoidably influenced by its dominant economic political and cultural concerns These influences were not peripheral but central and formative They profoundly affected the creation of a commercially fragmented culture as well as the nature of fiction within that culture The Haunted Study covers an exceptionally large number of authors from the critically despised to the critically admired and examines the impact on their work of such factors as the professionalisation of literature the earning power of authors the emergence of new kinds of readers and disturbingly present throughout the whole period fundamental democratic change     *Self-Harm in New Woman Writing* Alexandra Gray, 2017-10-23 Explores the contemporary significance of Alfred North Whitehead s 1927 book Symbolism Its Meaning and Effect
