Gender Inequalities Esra Ozdenerol, 2021-02-22 Gender inequality is entrenched in the cultural political and market systems that operate at household

community and national levels Global changes in market access climatic conditions and the availability of natural resources intensify disparities in income in assets and in power among genders This book aims to explain these gender dynamics at macro and micro levels through GIS and spatial analysis The first part of the book introduces key concepts of how to integrate GIS in gender inequality research The second part presents more in depth case studies carefully selected such as mapping gender based violence gender inequality in the labor force refugee mapping etc Reimagining Nigeria's Educational System Joseph A. Balogun,2023-09-20 This book assesses the challenges within the Nigerian educational system and provides a concrete plan to revitalize the low performing system by strengthening high stakes testing at all levels In Nigeria many citizens believe that the solution to the country s low performance in education is to eliminate high stakes standardized testing High stakes testing refers to applying standardized student achievement tests as a primary mechanism to evaluate students teachers and their school s performance This book argues that the poor quality of education and low ranking of Nigeria s educational system is not related to the negative consequences of high stakes testing but rather is due to many intrinsic factors By conducting a comparative analysis of six high performing education systems worldwide the book offers a comparative summative evaluation of the educational system and offers recommendations This book will be of interest to policymakers and scholars in the fields of African education higher education quality and global studies African studies management and administration leadership and professional development studies Joseph Abiodun Balogun is former Dean and retired Distinguished University Professor at the College of Health Sciences Chicago State University USA Visiting Professor Program Consultant at the Centre of Excellence in Reproductive Health Innovation University of Benin Nigeria and President CEO Joseph Rehabilitation Center Tinley Park Illinois USA Sustainable Transformation in African Higher Education Felix Maringe,Emmanuel Ojo,2017-04-18 The book is a must read for policy makers academics university administrators and post graduate research students in the broad field of education and in higher education studies in particular The book brings together a wealth of information regarding the imperatives of transformation in Africa s higher education systems Not only do some of the chapters provide critical discussion about the conceptualisation of transformation the majority of the chapters reflect on empirical evidence for transformation in diverse fields of mathematics science gender the training of doctoral students and the governance and management of universities This central theme of sustainable change and reform runs across the chapters of the book For students the book provides exemplars of practical research in higher education For scholars in higher education and policy makers specific issues for reform are identified and discussed Pediatric Neurosurgery Board Review Nir Shimony,George Jallo,2023-05-06 This specialized textbook will be dedicated to the various disease topics of pediatric neurosurgery and management strategies The text will cover the different aspects of the field of pediatric neurosurgery in a unique way by giving state of the art up to date synopsis with references to recent publications More specifically the whole book is dedicated to a comprehensive discussion of brainstem tumors and other

lesions It will be composed of 20 chapters The various chapters will start from updates regarding the development of the nervous system and the clinical differences in assessing the infant or a child in comparison to the adult patient The book then will focus on various pathologies starting with hydrocephalus pediatric brain and spine tumors congenital malformation spasticity epilepsy and more The proposed textbook will be enriched with diagnostic and surgical images and illustrations that cover all types of pediatric neurosurgery pathologies with an emphasis on evidence based data that reflects the controversies and possible solutions The main structure of each chapter will include a short synopsis of the topic at hand questions and answers that will inspire the reader for better understanding learning objectives and key references for further reading Written by experts in the field Pediatric Neurosurgery Board Review serves as a valuable resource for neurosurgery residents and fellows studying for their neurosurgery exams as well as an educational material for neurosurgery specialists after graduation by discussing pediatric neurosurgery in more convenient way to review and understand key information in this field
