

Police Report and Report Writing

DEFINITION OF A REPORT:

A report is defined as a story of actions performed by men. Specifically, a police report is a chronological or step-by-step account of an event or incident that took place at a given time.

Traditionally, a "police report" is the narrative you have to write after completing an investigation. However, reports take many different forms. A report is defined as any documentation recorded on a departmental form, or other approved medium (computer disks), and maintained as a permanent record.

Other Definitions of Report:

A police report is an exact narration of facts discovered in the course of an investigation that serves as a permanent written record for present and future use.

It is also defined as any written matter prepared by the police involving their interaction with members of the community.

It is a permanent written record of police activities, which communicate facts concerning people, involved in criminal activities.
