Handbook of Drug Interactions Ashraf Mozayani,Lionel Raymon,2011-09-18 Adverse drug reactions and interactions are still a major headache for healthcare professionals around the world The US Food and Drug Administration s database recorded almost 300 000 serious adverse events in 2009 alone of which 45 000 instances proved fatal This updated new edition of the indispensable guide to drug interactions incorporates fresh research completed since the book s original publication by Humana Press in 2004 Additions include a new section on pharmacogenomics a rapidly growing field that explores the genetic basis for the variability of responses to drugs This new material reviews important polymorphisms in drug metabolizing enzymes and applies the findings to forensic interpretation using case studies involving opiates as exemplars Existing chapters from the first edition

have in most cases been updated and reworked to reflect new data or incorporate better tables and diagrams as well as to include recent drugs and formulations Recent references have been inserted too The handbook features extra material on illicit drug use with a new chapter tackling the subject that covers cocaine amphetamines and cannabis among others The section on the central nervous system also deals with a number of drugs that are abused illicitly such as benzodiazepines opiates flunitrazepam and GHB while so called social drugs such as alcohol and nicotine are still discussed in the book s section on environmental and social pharmacology Focusing as before on detailed explanation and incorporating both pharmacokinetic and pharmacodynamic drug interactions this book will continue to be a lodestar for health and forensic professionals as well as students

Co-Branding: Fit Factors Between Partner Brands Peter Zickermann,2014-09

Firms are continuously looking for new opportunities to exploit and leverage their existing brands to achieve business growth In the past companies have leveraged their most important asset brands through brand and line extensions Nowadays the most recent trend for capitalizing on brands is called Co Branding in which two or more brands are presented jointly to the consumer forming a new product or service offering This new branding strategy promises many benefits especially for companies operating internationally with strong global brands This study is about the perception of fit between two partner brands in a co branding venture Previous studies have already identified that a perceived fit between partner brands leads to a positive evaluation of the co branded offering by consumers But why are some brands perceived as fitting together by consumers and others are not To answer this question this study investigates which factors e g similar price level target group product category lead to a perceived fit between partner brands by consumers
