

Flexible service system (FSS) (service indicator)

The FSS permits a flexible service schedule that is directly related to the operating conditions of the vehicle.

The symbol  or  appears in the main information display field prior to the next suggested service.

In varying on operating conditions throughout the year, the next service is calculated and displayed in days,  or distance  remaining.

The symbols  or  indicate the type of service to be performed:

 Service A.

 Service B.

The message is displayed for approximately 20 seconds while turning the key to steering lock or position 2, or while driving when reaching the service warning threshold. It can be cancelled manually by pressing button (1).

Once the suggested drive has passed, the message plus symbol  or  preceded by a → (arrow symbol) blinks for approximately 30 seconds and a signal sounds once a time when turning the key to steering lock or position 2.

The FSS display can also be called up for approximately 30 seconds with display illuminated by pressing button (1) twice within 5 seconds.

Following a completed A or B service the Recommended-Reset Center sets the counter to 00 000 miles (0/00000 km) and 000 days.
