# Example 4th Grade Geometry Rubric

**Amy Bowley**

### **Example 4th Grade Geometry Rubric:**

**Geometry, Grade 4** Jennifer Lawson, 2008-07-31 In this module students explore two and three dimensional shapes their makeup their properties and their relationships to each other The principal goal is to enhance students understanding of geometric concepts and the roles they play in our lives Also included materials lists activity descriptions questioning techniques problem solving examples activity centre and extension ideas assessment suggestions activity sheets and visuals All modules include a list of children s books and websites related to the mathematics topics introduced a detailed introduction to the Hands On Mathematics program guiding principles implementation guidelines an overview of the skills that students use and develop during mathematics inquiry and a classroom assessment plan and record keeping templates

*Ready to Use Geometry Activities and Projects: Grades 4-7* Amy Bowley, 2014-04-29 Correlated to the national standards these ready to use activities help teachers to engage students in geometry learning through fun hands on activities Each of the classroom tested activities follows the same proven format and includes instructions for the teacher reproducible student handouts and rubrics for easy grading Many projects also include samples of actual student work Through completing each activity students will gain meaningful understandings of key geometry concepts in an enjoyable and purposeful way Designed to meet the needs of students of varying ability levels this book is a great supplement for any middle school or upper elementary math curriculum

**Towards a Balanced Assessment for 4-6 Everyday Mathematics** University of Chicago. School Mathematics Project, 1999 Mathematics Assessment and Intervention in a PLC at Work®, Second Edition Sarah Schuhl, Timothy D. Kanold, Mona Toncheff, Bill Barnes, Jessica Kanold-McIntyre, Matthew R. Larson, Georgina Rivera, 2023-06-27 This second edition book from the Every Student Can Learn Mathematics series guides you and your collaborative teams in building student and collective teacher efficacy through the formative use of common assessments Discover how you can work interdependently to design high quality assessments calibrate scoring of student work and analyze data to enhance instructional practices and sustain effective Tier 2 learning experiences for students New and enhanced protocols and examples provide practical tools and models for immediate implementation Improve your mathematics collaborative team assessment processes using the four critical questions of a PLC at Work along with an RTI or MTSS focus on effective Tier 2 interventions This book will help K 12 mathematics teachers and teacher teams Learn the criteria for the formative use of all unit by unit common mathematics assessments Identify essential learning standards as drivers for common assessments and student reflection Design and use high quality common assessments and team scoring agreements Calibrate the scoring of student work for consistent formative feedback to students Engage in data protocols that analyze student work to enhance instructional practices identify students in need of targeted intervention or extension and create effective intervention learning experiences Determine how students can reflect and set goals using the formative feedback process based on common unit by unit assessments Design and implement an effective Tier 2 mathematics
