Exampler Business Studies 2014:

ECRM2014-Proceedings of the 13th European Conference on Research Methodology for Business and Management Studies Dr Martin Rich, Dr Anne Brown, 2014-06-16 Exemplars, Imitation, and Character Formation Eric Yang, 2024-08-22
This volume examines the role and relevance of exemplars and the practice of imitation in character development and formation. While the role of exemplars and imitation in spiritual and moral formation has been an integral part of many religious and wisdom traditions in recent times, there has been limited theological and philosophical investigation into it and a dearth of interdisciplinary discussion. The book brings together relevant research and insights from leading experts within philosophy, psychology, and theology with a slight emphasis on Christian approaches to exemplars and imitation, especially given the reflection on these themes throughout the history of the Christian intellectual and mystical tradition. Many of the contributions display an interdisciplinary approach to these issues; hence, this volume will be of interest to philosophers, psychologists, theologians, and others who work in moral psychology and character formation. *ICMLG2014 Proceedings of the 2nd International Conference on Management, Leadership and Governance* Philip Arthur Dover, Sam Hariharan, Michael G. Cummings, 2014-01-02 **Developmental Evaluation Exemplars** Michael Quinn Patton, Kate McKegg, Nan Wehipeihana, 2015-10-20
Developmental evaluation (DE) provides evaluative information and feedback to social innovators and their funders and supporters to inform adaptive development of change initiatives in complex dynamic environments. DE brings to innovation and adaptation the processes of asking evaluative questions, applying evaluation logic, and gathering and reporting evaluative data to inform and support the development of innovative projects, programs, initiatives, products, organizations, and/or systems change efforts with timely feedback. This book presents the current state of the art and practice of DE through 12 case exemplars. The book also answers to common questions about DE, presents a synthesis of patterns, themes, insights, and lessons drawn from the case studies, and for the first time identifies and explains the essential guiding principles of DE. **Handbook of Qualitative Research Methods for Family Business** Alfredo De Massis, Nadine Kammerlander, 2020-03-28
This timely Handbook provides a comprehensive guide to the methodological challenges of qualitative research in family business. Written by an international multidisciplinary team of experts in the field, the Handbook provides practical guidance based on the experiences of senior researchers and features reflective discussion on how to craft insightful, rigorous studies. Exemplars of Assessment in Higher Education Jane Marie Souza, Tara A. Rose, 2023-07-03
Co-published with While assessment may feel to constituents like an activity of accountability simply for accreditors, it is most appropriate to approach assessment as an activity of accountability for students. Assessment results that improve institutional effectiveness heighten student learning and better align resources serve to make institutions stronger for the benefit of their students, and those results also serve the institution or program well during the holistic evaluation required through accreditation. From the foreword by Heather Perfetti, President of the Middle States Commission on Higher Education. Colleges

and universities struggle to understand precisely what is being asked for by accreditors and this book answers that question by sharing examples of success reported by schools specifically recommended by accreditors This compendium gathers examples of assessment practice in twenty four higher education institutions twenty three in the U S and one in Australia All institutions represented in this book were suggested by their accreditor as having an effective assessment approach in one or more of the following assessment focused areas assessment in the disciplines co curricular course program institutional assessment equity and inclusion general education online learning program review scholarship of teaching and learning student learning or technology These examples recommended by accrediting agencies makes this a unique contribution to the assessment literature The book is organized in four parts Part One is focused on student learning and assessment and includes ten chapters The primary focus for Part Two is student learning assessment from a disciplinary perspective and includes four chapters Part Three has a faculty engagement and assessment focus and Part Four includes four chapters on institutional effectiveness and assessment with a focus on strategic planning This book is a publication of the Association for the Assessment of Learning in Higher Education AALHE an organization of practitioners interested in using effective assessment practice to document and improve student learning

Exemplars of Assessment in Higher Education,

Volume Two Jane Marie Souza,Tara A. Rose,2023-11-09 In this second volume of the successful Exemplars of Assessment in Higher Education editors Souza and Rose share examples of assessment practice from over fifteen distinct and diverse Higher Education Institutions including international contributions Building upon the work of the first volume the case studies in this book reflect the changes in assessment and higher education in the post Covid education environment The institutions that appear in this book were chosen for having an effective assessment approach in one or more of the following areas career readiness distance education diversity equity and inclusion or general education Each part of the book discusses one of these four areas with chapters that feature real life examples from the educators who teach at the college or university Featuring a Foreword by AAC U President Lynn Pasquerella the work highlighted in this book is also aligned with AAC U s Valid Assessment of Learning in Undergraduate Education VALUE initiative to help educators make the best decisions about measuring student learning This book is ideal for university educators and assessment practitioners looking to diversify and enhance their assessment practices A Co Publication with AAC U
