Sample Questions

Student Name _____

The intent of these sample test materials is to orient teachers and students to the types of questions on FCAT 2.0 tests. By using these materials, students will become familiar with the types of items and response formats they will see on the actual test. The sample questions and answers are not intended to demonstrate the length of the actual test, nor should student responses be used as an indicator of student performance on the actual test. Additional information about test items can be found in the *FCAT 2.0 Test Item Specifications* at <http://fcit.fldoe.org/fcat2/itemspecs.asp>.

The FCAT 2.0 Reading tests and sample questions and answers are based on the 2007 Next Generation Sunshine State Standards.

The sample questions for students and the sample answers for teachers will only be available online, at <http://fcit.fldoe.org/fcat2/fcatitem.asp>.

Directions for Answering the Reading Sample Questions

The questions in this booklet are called multiple-choice questions. A multiple-choice question is followed by several answer choices. Read all the answer choices under each question and decide which answer is correct. You will fill in the bubble next to the answer choice you think is correct for each multiple-choice question. You will mark your answers in this book. If you don't understand a question, ask your teacher to explain it to you. Your teacher has the answers to the sample questions.
