The Handy American Government Answer Book Gina Misiroglu,2017-12-01 A

practical accessible engaging and comprehensive guide to how American democracy works and how it sometimes doesn't work. The stakes have never been higher: national security, civil liberties, the economy, the future of the republic. Yet few outside Washington actually understand how our government and political system should work, much less how it actually operates. On one level, it's a complex interlocking world veiled in power brokering, bureaucracy, and big money. On another, it's the biggest, richest, most influential organization in the world, for better or worse. Understanding how modern America is managed and governed is more vital than ever, but television, radio, newspapers, and social media frequently aim to spin, seduce, and sell product rather than serve anything resembling the truth. Filling the breach and answering basic questions about how our very complex government operates and what it promises, *The Handy American Government Answer Book: How Washington Politics and Elections Work* takes a comprehensive look at the systems, people, and policies that comprise American democracy, providing much needed clarity to the current political drama. This informative book traces the historic development of the government, the functions of each branch of government, and how they work together. It provides clear and concise definitions of who does what and why. Written in an entertaining, reader-friendly question and answer format, *The Handy American Government Answer Book* deciphers the news behind the headlines through well-researched answers to nearly 800 common questions. You will also read about such fascinating tidbits as: Why is America's democratic system considered so precious? How are shifting demographics related to the electorate? What can Americans do to influence their government? Did the framers of the Constitution place equal weight on the concepts of liberty, equality, and democracy? What does checks and balances mean? What generally happens when members of Congress act inappropriately? How many presidents have been impeached? How does a case reach the U.S. Supreme Court? Which president appointed the most justices? How do civil liberties differ from civil rights? How does the Bill of Rights protect individual liberties? Is measuring public opinion a new phenomenon in politics? What does the concept majority rule with minority rights mean? Why has trust in the government declined? What does it mean to lobby? How are PAC donations and political decisions linked? Where do the party symbols of the donkey and the elephant come from? What is electoral realignment? Who pays for the campaigns of candidates? Did the electoral college ever vote unanimously for a president? This handy primer also includes numerous illustrations, graphs, tables, a helpful bibliography, and an extensive index, adding to its usefulness. In the midst of the overheated rhetoric of the moment and the fast-changing, crisis-dominated world, a well-informed citizenry armed with *The Handy American Government Answer Book* is the best defense against political and corporate chicanery.

The Seven Democratic Virtues
Christopher Beem,2022-08-30 The insurrection of January 6 2021 demonstrated conclusively that tribalism in the United States has become dangerous The other side is no longer viewed as a well intentioned opponent but as an existential threat If we don t change course American democracy is far from assured This book outlines specific steps that average citizens can take to back the nation away from the brink Instead of looking to political leaders institutions or policy for solutions to extreme partisanship Christopher Beem argues that concerned citizens can and must take up the cause He spells out seven civic practices we can all follow that will help us work against our antidemocratic tendencies and reorient the nation toward the more perfect union of our Founders Beem s road map to restore our democracy draws on thinkers from Aristotle and Thomas Aquinas to James Madison Hannah Arendt Abraham Lincoln and Franklin Delano Roosevelt Empathetic and eminently reasonable The Seven Democratic Virtues presents practical advice for what each of us can do to change the political discourse and save our democracy This is necessary reading for our politics today and in the future
