

Subjunctive

1. Subjunctive in French

Chapters 1 through 12 in this book deal with verb constructions in the indicative mood. The term mood describes the form of the verb showing the subject's attitude. In this and the next two chapters, you will see how the subjunctive mood enables speakers of French to express a variety of attitudes through different verb forms and constructions.

a. The indicative and the subjunctive

The indicative mood states facts and expresses certainty or reality. The subjunctive mood expresses uncertainty, doubt, wishes, desires, conjecture, suppositions, and conditions that are unreal or contrary to fact. The subjunctive occurs much more frequently in French than in English.

b. Use of the subjunctive

In French, the subjunctive normally occurs in dependent clauses introduced by a conjunction containing *que* or by a relative pronoun (usually *qui* or *que*):

Téléphonez-moi avant que je parte.

Call me before I leave.

Nous cherchons une secrétaire qui sache parler arabe.

We are looking for a secretary who knows how to speak Arabic.

Je doute que vous compreniez.

I doubt (that) you understand.

NOTE:

1. Verbs in the present subjunctive may express actions that take place in the present or in the future:

Il faut que tu partes.

It is necessary that you leave.
(You must leave.)

Il est possible que nous perdions le match.

It is possible that we will lose the match.

2. French subjunctive forms may have various English equivalents. Compare all examples in Chapters 13, 14, and 15 carefully.

Teaching with Heart Jennifer Nelson, 2025-07-30 Why are so many teachers leaving the profession They're burned out they feel disrespected and unsupported After teaching remotely during a pandemic they're returning to classrooms with under-socialized and sometimes out of control kids What to do *Teaching with Heart* chronicles the journey of a journalist turned teacher determined to make teaching work despite its difficulties Peek into Madame Nelson's classroom to see her trying to reach teens who dance cry and hit each other in French class administrators who laud the latest pedagogical trends and testing regime and parents who sometimes support and sometimes interfere with their children's education Meet colleagues who save her from quitting and her children who provide advice Along the journey she evolves from an aloof elitist into an empathetic listener to all sorts of teens Isn't it time we create schools in which teachers want to stay and new ones enter Without committed teachers how can we prepare students to run our world *Teaching with Heart* illuminates why it's so hard to hold on to classroom teachers these days and what can be done to better the situation
