Stalin's Terror of 1937-1938 Vadim Zakharovich Rogovin, 2009 This volume examines the bloodiest period of the Stalinist repression of political opposition in the Soviet Union debunking the myth that the Great Purges were merely the product of Stalin's paranoia and had no overriding political logic Through a meticulous examination of original sources including archival documents only made available for research in the 1990s Professor Vadim Rogovin argues that the ferocity of the mass repression was directly proportional to the intensity of resistance to Stalin within the Communist Party of the Soviet Union CPSU particularly the opposition inspired by and associated with the exiled Bolshevik leader Leon Trotsky Far from Trotsky being a politically isolated figure as both Stalinist and anti communist historians have claimed there was substantial sympathy for his criticism of the Stalin regime in the ranks and even in the leadership of the CPSU and support for his demands for inner party democracy greater social equality and an international orientation to the Bolshevik goal of world revolution It was this political fact as Rogovin demonstrates that accounts for the purge reaching so deeply into the party apparatus the military the Komsomol youth movement and the broader layers of the population Rogovin bases his analysis on scrupulous research quoting from newly translated or unpublished documents including memoirs meeting minutes newspaper articles and trial transcripts He documents the reaction of different social layers to the purges including workers peasants non party intellectuals and the CPSU rank and file This book includes rarely published photographs of the prison camps documenting the lives of those labeled by Stalin enemies of the people Chronologically this volume takes up where its

predecessor 1937 Stalin's Year of Terror left off with the June 1937 plenum of the Central Committee that followed the purging of the Soviet military command and the execution of Marshal Tukhachevsky and other leading generals. It analyzes such critical events as the Bukharin-Rykov trial, last of the infamous show trials, the massacre of Trotskyists in the Vorkuta slave labor camp and the assassination by Stalinist agents of Leon Sedov, Trotsky's son and other oppositionists outside the Soviet Union. It concludes with an examination of how the purges transformed the CPSU and Soviet society as a whole.

Borders of Socialism L. Siegelbaum, 2016-04-15 This fascinating book argues that in Russia the relations between culture and nation, art and life, commodity and trash often diverged from familiar Western European or American versions of modernity. The essays show how public and private overlapped and shaped each other, creating new perspectives on individuals and society in the Soviet Union. *The Cumulative Book Index*, 1998 A world list of books in the English language. *Political Violence* P. Hollander, 2008-10-27 A collection of original case studies of different types of political violence in the 20th and 21st century, inspired by the pioneering work of Robert Conquest. It focuses on the origins, manifestations, and legitimation of such violence and includes the former Soviet Union, Mao's China, Castro's Cuba, and radical militant Islam. **G** Detlef Mertins, Michael William Jennings, 2010 Published in the 1920s by a who's who of avant-garde artists, **G** helped shape a new phase in modern art. This is the first English translation. Books in Print Supplement, 2002

Wulfstan's Canon Law Collection James E. Cross, Andrew Hamer, 1999 The new series Anglo-Saxon Texts offers scholarly editions of important texts from Anglo-Saxon England with suitable apparatus and accurate modern English translations, informative general introductions, and full historical and literary commentaries. This first volume in the series presents the first edited version of the canon collection associated with two of the key literary figures of the late Anglo-Saxon period: Irfic abbot of Eynsham, d. after 1006, and Wulfstan, bishop of Worcester and archbishop of York, d. 1023. Although of considerable importance, its textual problems—how many items comprise the collection, when and by whom was it composed—have made proper critical study difficult. This edition aims to answer the need; the texts of the two recensions are edited with full critical apparatus of the five known manuscripts, a detailed study of sources, an English translation, and an introductory essay on the text and its background. Dr. ANDREW HAMER teaches at the University of Liverpool. **Canadian Slavonic Papers**, 2004 Book Review Index Gale Group, Thomson Gale Staff, 1999-09 Book Review Index provides quick access to reviews of books, periodicals, books on tape, and electronic media representing a wide range of popular, academic, and professional interests. Book Review Index is available in a three-issue subscription covering the current year or as an annual cumulation covering the past year. **Feeling Revolution** Anna Toropova, 2020-05-20 Stalin-era cinema was designed to promote emotional and affective education. The filmmakers of the period were called to help forge the emotions and affects that befitted the New Soviet Person, ranging from happiness and victorious laughter to hatred for enemies. *Feeling Revolution* shows how the Soviet film industry's efforts to find an emotionally resonant language that could speak to a mass audience.

came to centre on the development of a distinctively Soviet cinema Its case studies of specific film genres including production films comedies thrillers and melodramas explore how the genre rules established by Western and prerevolutionary Russian cinema were reoriented to new emotional settings Sovietising audience emotions did not prove to be an easy feat The tensions frustrations and missteps of this process are outlined in *Feeling Revolution* with reference to a wide variety of primary sources including the artistic council discussions of the Mosfil m and Lenfil m studios and the Ministry of Cinematography Bringing the limitations of the Stalinist ideological project to light Anna Toropova reveals cinema s capacity to contest the very emotional norms that it was entrusted with crafting
