Good Books For 4th Graders Chapter Books:

Look Out, Fourth Grade [formerly *Look Out 4th Grade*] [formerly *Lookout 4th Grade*] Laura Everly, 2016-09-09 *Look Out Fourth Grade* is the third book in a series of children's adventure fantasy books by Laura Everly. The first of her adventures is *The Mighty Pond Hoppers* and the second is *Leah and Candace Leap Into Spring*. Leah and Candace are neighbors, best friends, and students in Mrs. Casey's third grade class at Nash Elementary. In *Look Out Fourth Grade*, Mrs. Casey and her third grade class face a troubling sight in the auditorium where the class play is being set up. With only five days left before their performance of *The Emperor's New Clothes*, there are oodles of problems that need to be fixed. As the third grade class gets closer to becoming fourth graders, Leah and Candace lead the way in helping their classmates overcome several difficulties. Leah and Candace still rely on their secret escape vehicle, the back seat of a 1957 Chevy, to get away from the stress that comes from trying to be good daughters, friends, and classmates. Not only do the girls work as a great support system for one another but also for their friends and families. The two are a great team and push themselves to make the right choices.

Choosing Books for Children Betsy Gould Hearne, Deborah Stevenson, 2000. Presents a tool for choosing books for children of all ages. This title offers practical guidance on sorting through the bewildering array of picture books, pop-up books, books for beginning readers, young adult titles, classics, poetry, folktales, and factual books. "I Hate Reading" Justin M. Stygles, 2022-09-15. It can take a lifetime to eradicate a reader's shame, or it can take one great teacher. Shame-bound readers want someone to notice them. It's true. But then what does a teacher do to help students? Justin Stygles found fresh answers in Gershen Kaufman's seminal research on shame and applied it to his teaching. The results proved to him and now us that taking deliberate actions to do so is crucial. At heart, it's about mentoring these fragile readers. Yet the beautiful surprise in store: A few shifts in classroom practices changed everything for every reader. Learn to spot all the distress signals, including withdrawal, perfectionism, sweetness. Help students see that they are not permanently locked out of a reading life. Use assessment instruments to note and celebrate incremental change. Plan mini units that develop skills in concert with engagement. Design small group experiences that are free of levels and other shame-inducing labels. A Family of Readers Martha V. Parravano, Roger Sutton, 2012-10-09. Two of the most trusted reviewers in the field join with top authors, illustrators, and critics in a definitive guide to choosing books for children and nurturing their love of reading. *A FAMILY OF READERS* is the definitive resource for parents interested in enriching the reading lives of their children. It's divided into four sections: 1. Reading to Them: Choosing and sharing board books and picture books with babies and very young children. 2. Reading with Them: Launching the new reader with easy readers and chapter books. 3. Reading on Their Own: Exploring what children read and how they read by genre and gender. 4. Leaving Them Alone: Respecting the reading privacy of the young adult. Roger Sutton knows how and why children read. He must, as the editor in chief of *THE HORN BOOK*, which since 1924 has been America's best source for reviews of books for young readers. But for many parents, selecting books for their children can

make them feel lost Now in this essential resource Roger Sutton and Martha V Parravano executive editor at the magazine offer thoughtful essays that consider how books are read to and then by young people They invite such leading authors and artists as Maurice Sendak Katherine Paterson Margaret Mahy and Jon Scieszka as well as a selection of top critics to add their voices about the genres they know best The result is an indispensable readers companion to everything from wordless board books to the most complex and daring young adult novels
