NTA UGC NET Paper 1 Topic-wise 50 Solved Papers (2019 to 2004) Disha Experts, 2020-07-04      **Teaching Writing for Academic Purposes to Multilingual Students** John Bitchener, Neomy Storch, Rosemary Wette, 2017-04-07 Examining what is involved in learning to write for academic purposes from a variety of perspectives this book focuses in particular on issues related to academic writing instruction in diverse contexts both geographical and disciplinary Informed by current theory and research leading experts in the field explain and illustrate instructional programs tasks and activities that help L2 multilingual writers develop knowledge of different genres disciplinary expectations and expertise in applying what they have learned in both educational and professional contexts      Guide to Writing Empirical Papers, Theses, and Dissertations G. David Garson, 2001-11-21 Describes the quantitative research process framing analytical questions developing a comprehensive outline providing a roadmap for the reader and accessing indispensable computer and program tools Supplies end of chapter checklists extensive examples and bibliographies      Syntactic Aspects of Topic and Comment André Meinunger, 2000-01-01 The book focuses on the syntactic behavior of argument noun phrases depending on their discourse status The main language of consideration is German but it is shown that the observations can be carried over to other languages The claim is that discourse new arguments remain inside the VP where they are base generated The hierarchy of argument projection is claimed to be fix within and across languages With the major attention to direct objects it is then argued that discourse old here called topical noun phrases undergo raising to agreement projections This movement can be realized differently scrambling object agreement clitic doubling differences in morphological case and stress pattern turn out to be analyzable as one underlying phenomenon It is furthermore shown that many so called subject object asymmetries boil down to topic non topic differences for example with respect to extraction Thus irrespectively of the argumental status

discourse new constituents do not act as barriers whereas topical arguments create weak islands
