**The Tragedy of Australian Foreign Policy** Randall Doyle, 2022-01-27 The Evolution of Australian Foreign Policy is a book that presents a modern day argument concerning Australia s external affairs policies in the 21st century The book makes the case that it is time for Australia to move on from its historic British colonial roots and its subsequent subservient roles within the empires of Great Britain and the United States since Federation in 1901 The ongoing military debacle and strategic disaster of the U S led Iraq War has triggered a movement within Australia s intellectual and political communities to rethink Australian foreign policy An impressive group of dissenters began to question Australia s blind obedience to the post World War II American empire And since the extraordinary publication of

The Palace Letters in 2020 the charm and distinction of being a part of the British Commonwealth has begun to lose its glory and uniqueness for a growing number of Australians In truth Australia is a nation in transition It is becoming an independent Republic A nation of Australians Led by an Australian president elected by Australians The nation of Australia has come of age No more masters of any kind to rule over it Australia has finally become the master of its own destiny and fate in the 21st century

**Operation Babylift** Ian W. Shaw,2019-05-28 In late March 1975 as the Vietnam War raged an Australian voluntary aid worker named Rosemary Taylor approached the Australian Embassy seeking assistance to fly 600 orphans out of Saigon to safety Rosemary and Margaret Moses two former nuns from Adelaide had spent eight years in Vietnam during the war building up a complex of nurseries to house war orphans and street waifs as the organisation that built up around them facilitated international adoptions for the children As the North Vietnamese forces closed in on their nurseries they needed a plan to evacuate the children or all their work might count for little Based on extensive archival and historical research and interviews of some of those directly involved in the events described Operation Babylift details the last month of the Vietnam War from the perspective of the most vulnerable victims of that war the orphans it created Through the story of the attempt to save 600 children we see how a small group of determined women refused to play political games as they tried to remake the lives of a forgotten generation one child at a time

**Dismissal Dossier** Jenny Hocking,2017-10-18 Here is the definitive story of the most divisive episode in Australia s history the dismissal of Gough Whitlam s Labor government In her award winning biography of Gough Whitlam Jenny Hocking revealed the astonishing secret story of the planning and the people behind the dismissal Never before released material from Sir John Kerr s private papers revealed the secret role of High Court justice Sir Anthony Mason and Kerr s collusion with Malcolm Fraser Now

Hocking's forensic investigations reveal explosive files in the UK National Archives that add a disturbing dimension to this untold story. Hocking reveals the Palace connection and unravels the web of intrigue behind the British Office's link to the dismissal of the Whitlam government in the name of the Queen. She brilliantly brings together this hidden history, a mixture of the unknown, the overlooked, and the clandestine to write a political thriller the story you were never meant to know. A Legal History for Australia Sarah McKibbin, Libby Connors, Marcus Harmes, 2021-07-29. This is a contemporary legal history book for Australian law students written in an engaging style and rich with learning features and illustrations. The writers are a unique combination of talents bringing together their fields of research and teaching in Australian history, British constitutional history, and modern Australian law. The first part provides the social and political contexts for legal history in medieval and early modern England and America, explaining the English law which came to Australia in 1788. This includes The origins of the common law, The growth of the legal profession, The making of the Magna Carta, The English Civil Wars, The Bill of Rights, The American War of Independence. The second part examines the development of the law in Australia to the present day, including The English criminal justice system and convict transportation, The role of the Privy Council in 19th century Indigenous Australia in the colonial period, The federation movement, Constitutional Independence, The 1967 Australian referendum, and the land rights movement. The comprehensive coverage of several centuries is balanced by a dynamic writing style and tools to guide the student through each chapter, including learning outcomes, chapter outlines, and discussion points. The historical analysis is brought to life by the use of primary documentary evidence such as charters, statutes, medieval source books, and Coke's reports, and a series of historical cameos, focused studies of notable people and issues from King Edward I and Edward Coke to Henry Parkes and Eddie Mabo, and constitutional detours addressing topics such as the separation of powers, judicial review, and federalism. A Legal History for Australia is an engaging textbook, cogently written and imaginatively resourced, and is supported by a companion website <https://www.bloomsburyonlineresources.com/a-legal-history-for-australia>. **Imperial Emotions** Jane Lydon, 2020. Examines the politicisation of empathy across the British empire during the nineteenth century and traces its legacies into the present.

**Australia in the Age of International Development, 1945-1975** Nicholas Ferns, 2020-07-18. This book examines Australian colonial and foreign aid policy towards Papua New Guinea and Southeast Asia in the age of international development, 1945-1975. During this period, the academic and political understandings of development consolidated and informed Australian attempts to provide economic assistance to the poorer regions to its north. Development was central to the Australian colonial administration of PNG as well as its Colombo Plan aid in Asia. In addition to examining Australia's perception of international development, this book also demonstrates how these debates and policies informed Australia's understanding of its own development. This manifested itself most clearly in Australia's behavior at the 1964 United Nations Conference on Trade and Development (UNCTAD). The book concludes with a discussion of development and Australian

foreign aid in the decade leading up to Papua New Guinea's independence achieved in 1975 *Stepping Up to the Plate* Graham Maddox, 2016-10-17 Americans call themselves a democracy but they are not America has redefined democracy to make it conform to the capitalist economy and rule by wealth elites When American leaders say they wish to make the world safe for democracy they really mean that they want the world including Australia to subsume itself into this US project Any process resulting in Australia absorbing more of the United States corporatist political culture will result in the serious erosion of our own democratic ideals Australia should resist this especially at a time when such corporatist politics is losing its legitimation We are better served by our own robust system of democracy **Market Civilizations** Quinn Slobodian, Dieter Plehwe, Esra Elif Nartok, Aditya Balasubramanian, Tobias Rupperecht, Isabella M. Weber, Antina von Schnitzler, Jeremy Walker, Paulo Chamon, Karin Fischer, Mila Jonjic, Nenad Pantelic, Lars Mjøset, Reto Hofmann, Jimmy Casas Klausen, 2022-05-24 A deep investigation of neoliberalism's proselytizers in Eastern Europe and the Global South Where does free market ideology come from Recent work on the neoliberal intellectual movement around the Mont Pelerin Society has allowed for closer study of the relationship between ideas interests and institutions Yet even as this literature brought neoliberalism down to earth it tended to reproduce a European and American perspective on the world With the notable exception of Augusto Pinochet's Chile long seen as a laboratory of neoliberalism the new literature followed a story of diffusion as ideas migrated outward from the Global North Even in the most innovative work the cast of characters remains surprisingly limited clustering around famous intellectuals like Milton Friedman and Friedrich Hayek *Market Civilizations* redresses this absence by introducing a range of characters and voices active in the transnational neoliberal movement from the Global South and Eastern Europe This includes B R Shenoy an early member of the Mont Pelerin Society from India who has been canonized in some circles since the Singh reforms Manuel Ayau another MPS president and founder of the Marroqu n University an underappreciated Latin American node in the neoliberal network Chinese intellectuals who read Hayek and Mises through local circumstances and many others Seeing neoliberalism from beyond the industrial core helps us understand what made radical capitalism attractive to diverse populations and how often disruptive policy ideas went local

**Dreamers and Schemers** Frank Bongiorno, 2022-11-01 A landmark book the first full political history of Australia In this compelling and comprehensive work renowned historian Frank Bongiorno presents a social and cultural history of Australia's political life from pre settlement Indigenous systems to the present day Depicting a wonderful parade of dreamers and schemers Bongiorno surveys moments of political renewal and sheds fresh light on our democratic life From local pubs and meeting halls to the parliament and cabinet from pamphleteers and stump orators to party agents and operatives this enthralling account looks at the political insiders in the halls of power as well as the agitators and outsiders who sought to shape the nation from the margins A work of political history like no other *Dreamers and Schemers* will transform the way you look at Australian politics With acuity and grace Bongiorno divines the soul of the nation All told with a cheeky eye for

detail and nose for skullduggery by a historian in full archival narrative and rhetorical flight A landmark work Clare Wright *Bongiorno* is one of our premier historians and this is his masterwork An original take on our politics and people written with an open mind and warm Australian heart George Megalogenis Penetrating and vividly written this a political history that broadens our understanding of politics one that offers genuinely fresh insights and resists tidy generalisations From First Nations politics to the democracy sausage Dreamers and Schemers never disappoints It will stand as one of the most essential works in Australian history for decades to come Mark McKenna Shortlisted for the Australian History Prize in the NSW Premier s History Awards *'Order, Order!'* Stephen Wilks,2023-05-30 *Order Order* A Biographical Dictionary of Speakers Deputy Speakers and Clerks of the Australian House of Representatives shines a first ever historical light on the remarkable men and women who have served in these national offices since Federation The Speakers include Frederick Holder whose campaign to embed a Westminster style Speakership died with him when he collapsed dramatically in the parliament the much loved Joan Child Australia s first female Speaker whose struggles as a widow with five children fostered her commitment to social justice and made her in the words of another Speaker Anna Burke pretty fierce and Ian Sinclair a warhorse of a parliamentarian who seemed to prove the poacher turned gamekeeper principle The Deputy Speakers a particularly eclectic assortment include the strange and bleakly serious James Fowler who once hopefully mailed a film synopsis to the American director Cecil B DeMille and who ended his days warning of the perils of democracy Amongst the Clerks are Frank Green who at the height of the Cold War indiscreetly befriended members of the Communist Party and the popular Jack Pettifer a true child of parliament who grew up in an apartment in the building This book includes analysis of what sorts of individuals typically filled these vital parliamentary positions and the appearance of an Australian model of the Speakership based on pragmatic compromise All three offices are typically more than just creatures of political parties something that Australians should be prepared to defend against the remorseless encroachment of political partisanship

The Australian Nexus Randall Doyle,2018-06-18 In 2018 Australia finds itself at the center of a geopolitical storm within the Indo Pacific region With the meteoric rise of China and the perceived decline of U S influence and power in East Asia Australia is faced with some rather difficult and uncomfortable questions concerning its economic future and its national security Historically Australia has always had a major power as its key ally especially in terms of its national security In 1901 Australia became a self governing nation However Great Britain continued to protect Australia from potential external enemies because Australia remained an important and valued commonwealth nation within the British empire However at the beginning of the Pacific War during WWII Australia reached out to America after the British colony Singapore collapsed in the face of the oncoming and powerful Japanese imperial military forces in February 1942 With the empire of Japan marching southward in the Pacific region Australian prime minister John Curtin anxiously requested in late December 1941 that America come save the nation from being invaded by the Japanese imperial army and naval forces Due to its own

strategic needs against Japan the U S agreed to send its military forces to Australia Thus began a geostrategic relationship that has lasted for seventy five years Hence Australia has remained one of America s most reliable allies throughout the post WWII era But at the end of the second decade of the 21st century the geostrategic dynamics of the Indo Pacific have changed dramatically China s unprecedented rise to power economically militarily and diplomatically has forced Australia to reevaluate its policies and position within the East Asian hemisphere And to further complicate Australia s current predicament America itself is experiencing a major political upheaval with the stunning election of Donald Trump as its new president in 2016 Henceforth Australia increasingly finds itself in uncharted waters geopolitically Australians are confronted with the irrefutable reality that they are living not only in the most pivotal region of the world but one that is in the midst of an historic transformation In essence Australia finds itself at the center of a geostrategic storm      **My Country** David Marr,2024-11-12 David Marr is the rarest of breeds one of Australia s most unflinching forensic reporters of political controversy and one of its most subtle and eloquent biographers In Marr s hands those things we call reportage and commentary are elevated to artful and illuminating chronicles of our time My Country collects his powerful reflections on religion sex censorship and the law striking accounts of leaders moralists and scandalmongers elegant ruminations on the arts and the lives of artists And some memorable new pieces My country is the subject that interests me most and I have spent my career trying to untangle it s mysteries David Marr
