The Bookseller ,1892 **Bookseller and the Stationery Trades' Journal** ,1909 **Irony in the Bible** ,2023-03-13 It is generally agreed that there is significant irony in the Bible However to date no work has been published in biblical scholarship that on the one hand includes interpretations of both Hebrew Bible and New Testament writings under the perspective of irony and on the other hand offers a panorama of the approaches to the different types and functions of irony in biblical texts The following volume 1 reevaluates scholarly definitions of irony and the use of the term in biblical research 2 builds on existing methods of interpretation of ironic texts 3 offers judicious analyses of methodological approaches to irony in the Bible and 4 develops fresh insights into biblical passages **Continent** ,1923 **Messenger and Visitor** ,1908

Athenæum and Literary Chronicle James Silk Buckingham,John Sterling,Frederick Denison Maurice,Henry Stebbing,Charles Wentworth Dilke,Thomas Kibble Hervey,William Hepworth Dixon,Norman Maccoll,Vernon Horace Rendall,John Middleton Murry,1913 The Nature of Masculinity Steve Garlick,2016-10-11 Social theorists have argued that as the complexity of our ecosystems becomes more apparent the line between nature and culture human and nonhuman and technology and bodies becomes less distinct Yet contemporary masculinity studies has generally failed to incorporate this new way of thinking In this penetrating analysis of the relationship between gender and nature Steve Garlick proposes that masculinity is best understood as a technology that shapes both our engagement with the natural world and how we define freedom Extending the work of the Frankfurt School and Heidegger s critique of modern technology The Nature of Masculinity draws on case studies and new materialist theories to argue that the essence of technology is not in mechanical devices but in a particular relationship to natural forces Within this critical framework masculinity is a technology of embodiment and freedom does not lie in the domination of nature but rather in fostering a new relation to it **No Color Is My Kind** Thomas R. Cole,2021-10-19 In 1959 a Black man named Eldrewey Stearns was beaten by Houston police after being stopped for a traffic violation He was not the first to suffer such brutality but the incident sparked Stearns s conscience and six months later he was leading the first sit in west of the Mississippi River No Color Is My Kind first published in 1997 introduced readers to Stearns including his work as a civil rights leader and lawyer in Houston s desegregation movement between 1959 and 1963 This remarkable and important history however was nearly lost to bipolar affective disorder Stearns was a fifty two year old patient in a Galveston psychiatric hospital when Thomas Cole first met him in 1984 Over the course of a decade Cole and Stearns slowly recovered the details of Stearns s life before his slide into mental illness writing a story that is more relevant today than ever In this new edition Cole fills in the gaps between the late 1990s and now providing an update on the progress of civil rights in Houston and Stearns himself He also reflects on his tumultuous and often painful collaboration with Stearns challenging readers to be part of his journey to understand the struggles of a Black man s complex life At once poignant tragic and emotionally charged No Color Is My Kind is essential reading as the current movement for

racial reconciliation gathers momentum **The Speaker** ,1899 **Unquiet Things** Colin Jager,2015 In Great Britain during the Romantic period governmental and social structures were becoming more secular as religion was privatized and depoliticized If the discretionary nature of religious practice permitted spiritual freedom and social differentiation however secular arrangements produced new anxieties *Unquiet Things* investigates the social and political disorders that arise within modern secular cultures and their expression in works by Jane Austen Horace Walpole Samuel Taylor Coleridge Lord Byron and Percy Shelley among others Emphasizing secularism rather than religion as its primary analytic category *Unquiet Things* demonstrates that literary writing possesses a distinctive ability to register the discontent that characterizes the mood of secular modernity Colin Jager places Romantic era writers within the context of a longer series of transformations begun in the Reformation and identifies three ways in which romanticism and secularism interact the melancholic mood brought on by movements of reform the minoritizing capacity of literature to measure the disturbances produced by new arrangements of state power and a prospective romantic thinking Jager calls after the secular The poems novels and letters of the romantic period reveal uneasy traces of the spiritual past haunted by elements that trouble secular politics at the same time they imagine new and more equitable possibilities for the future In the twenty first century Jager contends we are still living within the terms of the romantic response to secularism when literature and philosophy first took account of the consequences of modernity
