Abstract

[illegible]

Sharing your knowledge: Since that the League of Nations was created as part of something different about the entire world following the signing of the Treaty of Versailles in 1919, however, the League had many new social and organizational issues from the very nature of its creation. A lack of organization, an understanding and common structure which adhered to democratic principles, limited a number of supporters among those that it would be able to carry out its job effectively. Continued faith was the lack of leadership and finding what would have come from America's membership. Without America, some doubted whether the League had the power to manage and resolve international conflicts and promote global peace, as expressed in the cartoon, *The cartoonist's viewpoint* is one of confusion.
