quickly turn into a repetitive mechanical process of dullness When we go to school work or practice do we actually engage
100 percent in the activities that we decide to take on Well probably not The reason for this is simple our level of
engagement in an activity is constantly influenced by mood attitude and the staggering number of people that we interact
with throughout the day In other words the terrible trio mood attitude and those around us subjects us to the mechanical
motions of life Perhaps the most comforting thing though is that as independent human beings we have the ability to
determine which parts of the trio actually end up affecting our everyday lives This guide to hyping up your life provides
several incredible tips on how to own the terrible trio Once you implement these strategies in your life nothing can bring you
