Notices of Judgment Under the Federal Food, Drug, and Cosmetic Act... United States. Food and Drug Administration,1947 **Notices of Judgement Under the Federal Food, Drug, and Cosmetic Act ...** United States. Food and Drug Administration,1940 **Garden Variety** John Hoenig,2017-11-21 Chopped in salads scooped up in salsa slathered on pizza and pasta squeezed onto burgers and fries and filling aisles with roma cherry

beefsteak on the vine and heirloom where would American food fast and slow high and low be without the tomato The tomato represents the best and worst of American cuisine though the plastic looking corporate tomato is the hallmark of industrial agriculture the tomato s history also encompasses farmers markets and home gardens Garden Variety illuminates American culinary culture from 1800 to the present challenging a simple story of mass produced homogeneity and demonstrating the persistence of diverse food cultures throughout modern America John Hoenig explores the path by which over the last two

centuries the tomato went from a rare seasonal crop to America's favorite vegetable. He pays particular attention to the noncorporate tomato. During the twentieth century as food production, processing and distribution became increasingly centralized, the tomato remained king of the vegetable garden and in recent years has become the centerpiece of alternative food cultures. Reading seed catalogs, menus and cookbooks and following the efforts of cooks and housewives to find new ways to prepare and preserve tomatoes, Hoenig challenges the extent to which branding, advertising and marketing dominated twentieth century American life. He emphasizes the importance of tomatoes to numerous immigrant groups and their influence on the development of American food cultures. Garden Variety highlights the limits on corporations' ability to shape what we eat, inviting us to rethink the history of our foodways and to take the opportunity to expand the palate of American cuisine.
