Huang,2018-04-01 Sheds new light on pre modern Chinese gender relationships in the context of marriage male Confucian literati self presentation and social networks In the first study of its

kind about the role played by intimate memory in the mourning literature of late imperial China Martin W Huang focuses on the question of how men mourned and wrote about women to whom they were closely related Drawing upon memoirs epitaphs biographies litanies and elegiac poems Huang explores issues such as how intimacy shaped the ways in which bereaved male authors conceived of womanhood and how such conceptualizations were inevitably also acts of self reflection about themselves as men Their memorial writings reveal complicated self images as husbands brothers sons and educated Confucian males while their representations of women are much more complex and diverse than the representations we find in more public genres such as Confucian female exemplar biographies Male Homosexualities and World Religions P. Hurteau,2013-11-07 The interest of this book lies at the very center of a recent deployment of homosexual liberation on a larger scale The reader will be able to understand how each of the traditions studied articulates its own regulatory mechanisms of male sexuality in general and homosexuality **Memoirs of the Archaeological Survey of India** ,1929

Ask of Old Paths Grace Hamman,2025-09-09 Traditional Christian virtue and vices like abstinence gluttony and sloth make many of us bored or uncomfortable At their best these words sound dead or confusing like incomplete fossils that belong to a distant past awkwardly enshrined in a museum At worst they signify a prejudiced past when these words were wielded like weapons Yet in medieval writing the language of the virtues and vices was powerful lively and delightfully weird Patience is described as a peppercorn Unicorns preach chastity Knightly virtues fend off devious vices by throwing roses at them In medieval books words like avarice and meekness meant different things and carried different weight than they do today And great medieval preachers and poets taught the virtues as crucial to what it meant to live a life of holiness right alongside the Lord s Prayer and the Creed *Ask of Old Paths* by Grace Hamman meditates upon those strange and wonderful word pictures and explanations of virtues and vices found in medieval traditions of poetry sermons and treatises long confined to dusty corners of the library It focuses on the ancient tradition of virtue language called the Seven Capital Virtue Remedies pride and humility envy and love wrath and meekness avarice and mercy sloth and fortitude gluttony and abstinence lust and chastity In accessible and thoughtful chapters scholar and writer Grace Hamman shows how learning about these pairs of medieval virtues and vices can help us reevaluate our own washed out and insipid moral vocabulary in modernity Our imaginations for the good life are expanded our longing for sanctification sharpens Old ideas can give us new fire in our practice of the virtue and in that practice we imitate Jesus and become more human *Taiwan Literature, English Translation Series* ,2008 *Sexology and Translation* Heike Bauer,2015-10 Examines the shape and shaping of sexual ideas and related scientific practices and cultural representations in parts of Europe Asia the Middle East and South America between the late 19th century and the years leading up to World War II offering insights on the intersections between sexuality and modernity in a range of disciplinary cultural and trans national contexts **Fabulous Orients** Ros Ballaster,2005-10-20 Narrative moves Stories migrate from one culture to another over vast distances sometimes but their

path is often difficult to trace and obscured by time Fabulous Orient looks at the traffic of narrative between Orient and Occident in the eighteenth century and challenges the assumption that has dominated since the publication of Edward Said's Orientalism 1978 that such traffic is always one way Eighteenth century readers in the West came to draw their mental maps of oriental territories and distinctions between them from their experience of reading tales from the Orient In this proto colonial period the English encounter with the East was largely mediated through the consumption of material goods such as silks indigo muslin spices or jewels imported from the East together with the more moral traffic of narratives about the East both imaginary and ethnographic Through analyses of fictional representations including travellers accounts letter narratives such as Letters Writ by a Turkish Spy and popular sequences of tales such as the Arabian Nights Entertainments of four oriental territories Persia Turkey China and India Ros Ballaster demonstrates the ways in which the East came to be understood as a source of story a territory of fable and narrative Fabulous Orient is structured according to territory rather than genre Each section opens by re narrating an oriental story in which a feminine character serves to figure western desire for the territory she represents the courtesan queen of the Ottoman seraglio Roxolana the riddling Chinese princess Turandote and the illusory sati of India Canzade The book goes on to explore the range of fabulous writings relating to each territory in order to illustrate how certain narrative tropes can come to dominate its representation the conflict between the male look and female speech staged in the seraglio in the case of Turkey and Persia the inauthenticity and or dullness associated with China and its products such as porcelain and the illusory dreams that are woven in the space of India and associated with its textile industries This is the first book length study of the oriental tale to appear for almost a century Informed by recent historiographical and literary re assessments of western constructions of the East it develops an original argument about the use of narrative as a form of sympathetic and imaginative engagement with otherness a disinvestment of the self rather than a confident expression of colonial or imperial ambition *Spiritual Marriage* Dyan Elliott, 2021-05-11

The early Christian and medieval practice of spiritual marriage in which husband and wife mutually and voluntarily relinquish sexual activity for reasons of piety plays an important role in the development of the institution of marriage and in the understanding of female religiosity Drawing on hagiography chronicles theology canon law and pastoral sources Dyan Elliott traces the history of spiritual marriage in the West from apostolic times to the beginning of the sixteenth century

Folktales of Newfoundland (RLE Folklore) Herbert Halpert, J.D.A. Widdowson, 2015-02-20 This collection of Newfoundland folk narratives first published in 1996 grew out of extensive fieldwork in folk culture in the province The intention was to collect as broad a spectrum of traditional material as possible and Folktales of Newfoundland is notable not only for the number and quality of its narratives but also for the format in which they are presented A special transcription system conveys to the reader the accents and rhythms of each performance and the endnote to each tale features an analysis of the narrator's language In addition Newfoundland has preserved many aspects of English and Irish folk tradition some of

which are no longer active in the countries of their origin Working from the premise that traditions virtually unknown in England might still survive in active form in Newfoundland the researchers set out to discover if this was in fact the case
