Place the spool of thread on the spool pin second from the right.

- * The points to thread for upper looper are marked in blue.
- * A convenient threading chart is placed on the machine body inside the looper cover.

① Draw the thread through the thread guide second from the right from back to front.

② Pass the thread through the holes in the second row from the right of thread guide plate as illustrated.

③ Hold the thread at both ends and tug gently to ensure the thread is correctly inserted between the tension discs.
(If the foot is raised, the thread easily inserts between the tension discs.)
