Lewis, 2010-10-30 I am a girl 13 years old and a proper broncho buster I can cook and do housework but I just love to ride In letters written to the children's pages of newspapers we hear the clear and authentic voices of real children who lived in rural Canada and Newfoundland between 1900 and 1920 Children tell us about their families their schools jobs and communities and the suffering caused by the terrible costs of World War I We read of shared common experiences of isolation hard work few amenities limited educational opportunities restricted social life and heavy responsibilities but also of satisfaction over skills mastered and work performed Though often hard children's lives reflected a hopeful and expanding future and their letters recount their skills and determination as well as family lore and community histories Children both make and participate in history but until recently their role has been largely ignored In *I Want to Join Your Club* Lewis provides direct evidence that children's lives like adults have both continuity and change and form part of the warp and woof of the social fabric **Club Government** Seth Alexander Thevoz, 2018-03-30 The book phenomenon of Club Government in the mid nineteenth century when many of the functions of government were alleged to have taken place behind closed doors in the secretive clubs of London's St James's district has not been adequately historicized Despite Club Government being referenced in most major political histories of the period it is a topic which has never before enjoyed a full length study Making use of previously sealed club archives and adopting a broad range of analytical techniques this work of political history social history sociology and quantitative approaches to history seeks to deepen our understanding of the distinctive and novel ways in which British political culture evolved in this period The book concludes that historians have hugely underestimated the extent of club influence on high politics in Westminster and though the reputation of clubs for intervening in elections was exaggerated the culture and secrecy involved in gentleman's clubs had a huge impact on Britain and the British Empire *The American and English Corporation Cases* Frank C.
