A comprehensive textbook covering all methods of spontaneous release by positioning. The background theory is explained, and the techniques described in detail. The descriptions of the techniques are supplemented in the text by clear 2-colour line drawings and photographs, and the DVD-ROM provides additional explanation through the use of video demonstrations with narrative by the author. Compares all major positional release methods from strain-counterstrain to functional osteopathy. Details step-by-step use of these manual methods. Describes integrated use with other manual approaches such as Muscle Energy Techniques. Provides explanations of treatment of both muscle and joint problems. Explains how the methods can be used to treat bedridden patients. Emphasises safety and usefulness in both acute and chronic settings. Three completely new contributed chapters: Sacro-occipital technique, use of padded wedges for diagnosis and treatment, Overview of the McKenzie Method, and Application of positional techniques in the treatment of animals. Text completely updated with additional new videoclips included on DVD-ROM. 56 new 2-colour line drawings and 27 new photographs.

Modalities for Massage and Bodywork Elaine Stillerman, 2014-12-18

Ideal for both classroom and practice. Modalities for Massage Bodywork 2nd Edition presents 23 modalities of bodywork, their history, development, effects, benefits, contraindications, basic curricula, and certification requirements. Updated photos and illustrations, critical thinking questions, and flash cards give you a better picture of today's massage best practices. Evolve companion website provides matching activities, flash cards, answers to multiple choice questions, weblinks, and video demonstrations of various modalities covered in the text to make learning more interactive. Case histories in each chapter illustrate the effects of the modality within a therapeutic context, creating the opportunity for integrative clinical reasoning that helps prepare you for work in the various modalities. Student objectives and key terms at the start of each chapter provides a framework for what to expect and what to focus on with each chapter. In My Experience boxes provide personal insights about specific techniques from experts in the field. Full color design and techniques shown with photos and illustrations enhance understanding and comprehension of each modality. Multiple choice test questions at the end of each chapter, with answers on the Evolve website, help you measure your understanding of the modality and obtain instant feedback from the answer key that includes rationales. Suggested readings, resources, and references in each chapter offer robust resources for you to further research each modality. Clinically relevant boxes and tables highlight important information. NEW Modalities chapters provide you with a greater awareness of the opportunities and options available as

they pursue a massage therapy career and practitioners with more practical information they can apply to their work NEW Student resources on Evolve supplement the classroom experience and ensures you retain the material in the text 23 different body techniques are introduced to help you learn about different modalities you may want to pursue and reaffirm your knowledge of techniques More than 2 hours of video on the Evolve website bring the modalities to life and help put the text instructions in perspective NEW Updated content photos and illustrations equip you with the latest information and visuals on modalities from experts in the field that reflect current practices in the field and the needs and wants of massage therapy practitioners and students NEW Critical thinking questions added to each chapter actively engage and challenge your reasoning skills NEW Additional review questions added to each chapter supply you with more opportunities to review what you have learned and test your knowledge
