Exploring NORDIC COOL in Literary History Gunilla Hermansson, Jens Lohfert Jørgensen, 2020-11-15 How did Nordic culture become associated with the fuzzy brand cool as by default In Exploring NORDIC COOL in Literary History twenty one scholars in collaboration question the seemingly natural fit between Nordic and Cool by investigating its variegated trajectories through literary history from medieval legends to digital poetry At the same time the elasticity and polysemy of the word cool become a means to explore Nordic literary history afresh It opens up a rich diversity of theoretical and methodological approaches within a regional framework and reveals hitherto unseen links between familiar and less familiar tracks and sites Following diverse paths of Nordic cool in respect to among other things nature survival love whiteness style economics heroism and colonialism this book challenges all too recognisable narratives and underlines the sheer knowledge potential of literary historical research

Cognitive Linguistics and Non-Indo-European Languages Eugene H. Casad, Gary B. Palmer, 2003 Main description This book applies the theory of cognitive linguistics to the analysis of a variety of grammatical phenomena in non Indo European languages In previous studies of languages from non Indo European families cognitive linguistics has been remarkably useful in explaining non prototypical structures as well as more common ones The book expands that effort into a new set of families and languages

Introducing Performative Pragmatics Douglas Robinson, 2013-10-11 This user friendly introduction to a new performative methodology in linguistic pragmatics breaks away from the traditional approach which understands language as a machine Drawing on a wide spectrum of research and theory from the past thirty years in particular Douglas Robinson presents a combination of action oriented approaches from sources such as J L Austin H Paul Grice Harold Garfinkel and Erving Goffman Paying particular attention to language as drama the group regulation of language use individual resistance to these regulatory pressures and nonverbal communication the work also explains groundbreaking concepts and analytical models With a key points section discussion questions and exercises in every chapter this book will be an invaluable resource to students and teachers on a variety of courses including linguistic pragmatics sociolinguistics and interpersonal communication

European Anti-Catholicism in a Comparative and Transnational Perspective Yvonne Maria Werner, Jonas Harvard, 2013-08-01 Tales about treacherous Jesuits and scheming popes are an important and pervasive part of European culture They belong to a set of ideas images and practices that when grouped under the label anti Catholicism represent a phenomenon that can be traced back to the Reformation Anti Catholic movements and sentiments crossed boundaries between European countries contributing to the early modern consolidation of national identities In the nineteenth century secularist movements adopted and transformed confessional criticism in a new internationalist dimension that was articulated across the whole Western world A variety of liberal conservative secular Protestant and other forces gave shape to this counter image taking on the function of a pattern from which one's own ideals and beliefs could be chiselled out The contributions to this volume show how different national contexts affected the

proliferation of anti Catholic messages over the course of four centuries of European history and demonstrate that anti Catholicism constituted a powerful European cross cultural phenomenon The Brothers Seven Aleksis Kivi,2017-01-16

Seitsem n veljest The Brothers Seven the 1870 Finnish novel by Aleksis Kivi 1834 1872 is one of the most in famously unknown classics of world literature unknown not only because so few people in the world can read Finnish but also because the novel is so incredibly difficult to translate the Mount Everest of translating from Finnish It is difficult to translate not only because it blends a saturation in Homer Shakespeare Dante Cervantes and the Bible with a brilliantly stylized form of local dialect but because it is wild grotesque carnivalistic and laugh out loud funny on every page It has been translated 58 times into 34 languages but somehow the translations always seem to fall short of their flamboyant original Douglas Robinson s new translation is a bold attempt to remedy that He aims to make Kivi as rhythmic as alliterative as brash as grotesque and as funny in English as he is in Finnish Since Kivi deliberately used an archaic Finnish but used it playfully and since Kivi was steeped in Shakespeare to the point of memorizing whole plays Robinson translates him into a playful Shakespearean register As he notes in his Preface this makes the translation a bit difficult to read but the original is difficult for Finns to read as well and the Finnish readers who love Kivi and that is most of them read him with pleasure despite the words they don t know because his prose is so intensely alive *An Encyclopedia of Continental Women Writers* Katharina M.

Wilson,1991 First Published in 1991 Routledge is an imprint of Taylor Francis an informa company **The Pushing-Hands of Translation and its Theory** Douglas Robinson,2016-05-12 This book presents an East West dialogue of leading translation scholars responding to and developing Martha Cheung s pushing hands method of translation studies Pushing hands was an idea Martha began exploring in the last four years of her life and only had time to publish at article length in 2012 The concept of pushing hands suggests a promising line of inquiry into the problem of conflict in translation Pushing hands opens a new vista for translation scholars to understand and explain how to develop an awareness of non confrontational alternative ways to handle translation problems or problems related to translation activities that are likely to give rise to tension and conflict The book is a timely contribution to celebrate Martha s work and also to move the conversation forward Despite being somewhat tentative and experimental it probes into how to enable and develop dynamic interaction between and reciprocal determinism of different hands involved in the process of translation **What is**

Translation? Douglas Robinson,1997 An investigation into the state of translation studies which looks ahead at the direction in which the author sees the field moving Included are reviews of the work of translation theorists A volume in a series which aims to present a broad spectrum of thinking on translation Translationality Douglas Robinson,2017-05-18 This book defines translationality by weaving a number of sub and interdisciplinary interests through the medical humanities medicine in literature the translational history of medical literature a medical neuroscience approach to literary translation and translational hermeneutics and a humanities phenomenological performative approach to translational medicine It consists of

three long essays the first on the traditional medicine in literature side of the medical humanities with a close look at a recent novel built around the Capgras delusion and other neurological misidentification disorders the second beginning with the traditional history of medicine side of the medical humanities but segueing into literary history translation history and translation theory the third on the social neuroscience of translational hermeneutics The conclusion links the discussion up with a humanistic performative phenomenological take on translational medicine

Performative Histories, Foundational Fictions Anu Koivunen, 2003-09-17 Films are integral to national imagination Promotional publicity markets domestic films not only as entertaining exciting or moving but also as topical and relevant in different ways Reviewers assess new films with reference to other films and cultural products as well as social and political issues Through such interpretive framings by contemporaries and later generations popular cinema is embedded both in national imagination and endless intertextual and intermedial frameworks Moreover films themselves become signs to be cited and recycled as illustrations of cultural social and political history as well as national mentality In the age of television old films continue to live as history and memory In *Performative Histories Foundational Fictions* Anu Koivunen analyzes the historicity as well as the intertextuality and intermediality of film reception by focusing on a cycle of Finnish family melodrama and its key role in thinking about gender sexuality nation and history Close reading posters advertisements publicity stills trailers review journalism and critical commentary she demonstrates how *The Women of Niskavuori* 1938 and 1958 *Loviisa* 1946 *Heta Niskavuori* 1952 *Aarne Niskavuori* 1954 *Niskavuori Fights* 1957 and *Niskavuori* 1984 have operated as sites for imagining our agrarian past our Heimat and heritage as well as the strong Finnish woman or the weak man in crisis Based on extensive empirical research Koivunen argues that the *Niskavuori* films have mobilized readings in terms of history and memory feminist nationalism and men's movement left wing allegories and right wing morality as well as realism and melodrama Through processes of citation repetition and re cycling the films have acquired not only a heterogeneous and contradictory interpretive legacy but also an affective force
