Testing**

By **Samuel S. Davis**

Virginia's decision to continue testing students in kindergarten through third grade on the Standards of English and Mathematics, despite public outcry, was a result of a long and difficult process. The state's Department of Education, after receiving feedback from parents and educators, decided to maintain the current testing schedule. This decision was made to ensure that students are prepared for the state's rigorous academic standards. The testing process is a critical part of the state's education system, and it is essential that students are properly assessed. The state's Department of Education is committed to providing the highest quality education for all students, and this testing process is a key component of that commitment.

nineteenth century and analyzing case studies from southern northern and border states the essays in *The Seedtime the Work and the Harvest* incorporate communities and topics not usually linked to the African American civil rights movement The collection opens with a biographical sketch of Thomas DeSaille Tucker an educational pioneer who served as the first president of Florida State Normal and Industrial School for Colored Students It then highlights the work of black women including Bostonian publisher Josephine St Pierre Ruffin who defied local governments during the Progressive Era by disseminating medical information and providing access to medical professionals Next the collection explores the life and work of Norfolk civil rights attorney James F Gay who helped to democratize the political establishment in Virginia s largest city but became a victim of his own success The collection then moves to York Pennsylvania to examine a 1969 riot that went mostly unnoticed until the town s mayor was charged more than thirty years later with the riot related murder of Lillie Belle Allen Also featured is an essay examining the Student Nonviolent Coordinating Committee s Food for Freedom campaign that aimed to complement voter registration work in Mississippi by providing everyday sustenance to African Americans Addressing more recent issues this volume considers the politics of public memory in Baltimore Maryland a city divided by racial riots in 1968 and in 2015 It then examines the Black Lives Matter movement that gained international attention for its response to Michael Brown s death at the hands of police in Ferguson Missouri as well as the Sandra Bland Movement inspired by the arrest of Bland and her subsequent death in the Waller County jail in rural Texas These chapters connect the activism of today shaped in so many ways by social media student activism and grassroots organization to a deeply historical wide ranging fight for equality

Playing for Power Marvin T. Chiles, 2025-06-15 Reveals the role of amateur Black football and basketball in Virginia before integration as a form of resistance to white supremacy In *Playing for Power* Marvin T Chiles offers a fascinating account of amateur sports in Jim Crow Virginia revealing how in addition to churches workspaces and civil rights organizations sports were also a key arena for Black resistance to white supremacy Drawing from a rich trove of primary sources Chiles recounts the development of Black football and basketball culture at the high school and college levels in Virginia from the 1890s to the early 1970s Looking beyond their role as leisure pastimes Chiles demonstrates how amateur sports strengthened education neutralized class divisions shaped Black masculinity mentored Black male leadership cultivated race pride and reflected Black desires for urban modernity Illuminating the ways Black athletes created a world that pushed for racial progress through objective meritocratic achievement anchored by masculine leadership and institutional success *Playing for Power* traces how amateur sports coalesced into a key cultural institution that fostered Black Virginians collective sense of community achievement and purpose during segregation cornerstones of later advances in the Civil Rights Movement *Playing for Power* also contributes to a larger understanding of sports history and how amateur sports became favorite American spectacles and markers of Southern identity Chiles s groundbreaking work will interest historians scholars and individuals interested in the intersection of sports and civil rights and the history of Black sports during the Jim

Crow era The African American Press in World War II Paul Alkebulan, 2014-04-17 Black journalists have vigorously exercised their First Amendment right since the founding of Freedom's Journal in 1827. World War II was no different in this regard and Paul Alkebulan argues that it was the most important moment in the long history of that important institution. American historians have often postulated that WWII was a pivotal moment for the modern civil rights movement. This argument is partially based on the pressing need to convincingly appeal to the patriotism and self-interest of black citizens in the fight against fascism and its racial doctrines. This appeal would have to recognize long-standing and well-known grievances of African Americans and offer some immediate resolution to these problems such as increased access to better housing and improved job prospects. 230 African American newspapers were prime actors in this struggle. Black editors and journalists gave a coherent and organized voice to the legitimate aspirations and grievances of African Americans for decades prior to WWII. In addition, they presented an alternative and more inclusive vision of democracy. The African American Press in World War II: Toward Victory at Home and Abroad shows how they accomplished this goal and is different from other works in this field because it interprets WWII at home and abroad through the eyes of a diverse black press. Alkebulan shows the wide-ranging interest of the press prior to the war and during the conflict. Labor union struggles, equal funding for black education, the criminal justice system, and the Italian invasion of Ethiopia were some of the subjects covered before and during the war. Historians tend to write as if the African American press was ideologically homogenous, but according to Alkebulan, this is not the case. For example, prior to the war, African American journalists were both sympathetic and opposed to Japanese ambitions in the Pacific. A Philip Randolph's socialist journal, The Messenger, accurately warned against Imperial Japan's activities in Asia during WWI. There are other instances that run counter to the common wisdom. During World War II, the Negro Newspaper Publishers Association not only pursued equal rights at home but also lectured blacks, military and civilian, about the need to avoid any behavior that would have a negative impact on the public image of the civil rights movement. The African American Press in World War II explores press coverage of international affairs in more depth than similar works. The African American press tended to conflate the civil rights movement with the anti-colonial struggle taking place in Africa, Asia, and the Caribbean. Alkebulan demonstrates how George Padmore and W. E. B. Du Bois were instrumental in this trend. While it heightened interest in anti-colonialism, it also failed to delineate crucial differences between fighting for national independence and demanding equal citizenship rights in one's native land. Encyclopedia of the Harlem Renaissance: A-J Cary D. Wintz, Paul Finkelman, 2004 From the music of Louis Armstrong to the portraits by Beauford Delaney, the writings of Langston Hughes to the debut of the musical Show Boat, the Harlem Renaissance is one of the most significant developments in African American history in the twentieth century. The Encyclopedia of the Harlem Renaissance in two volumes and over 635 entries is the first comprehensive compilation of information on all aspects of this creative dynamic period. For a full list of entries, contributors, and more, visit the Encyclopedia of Harlem Renaissance website.
