Crime and Psychology

Jonathan Venn, 2023-12-29 Clear and accessible in style this book offers a comprehensive introduction to criminal justice and forensic mental health and the ways in which they intersect Assuming no prior exposure to the field of criminal forensic psychology the book reviews ten areas where mental health professionals contribute regularly to the due process of law comprehension of rights competency to stand trial transfer of juveniles to adult court risk assessment mitigation sentencing sexually violent predators insanity and capital punishment of persons with mental illness and with intellectual disability The book also explores the major categories of mental disorders how they contribute to criminal behavior and what problems they present in courts and corrections Landmark cases from the United States and United Kingdom are also reviewed in detail to develop a thorough understanding of the court's decision making process Bridging the gap between abstraction and practice through its narrative presentation of case material emphasis on controversy and illumination of the historical roots of problems and ideas the book helps the forensic practitioner transition from novice to knowledgeable professional in the courtroom Drawing on the author's extensive experience in forensic psychology this book is the ideal resource for the early

career forensic mental health practitioner as well as graduate students in forensic mental health and forensic psychology and mental health professionals seeking to enter the field of forensics *The Psychology Of Religion* Bernard Spilka, 2019-05-20 Theory in the psychology of religion is in a state of rapid development and the present volume demonstrates how various positions in this field may be translated into original foundational work that will in turn encourage exploration in many directions A number of new contributions are collected with previously published pieces to illustrate the *Decriminalizing Mental Illness* Katherine Warburton, Stephen M. Stahl, 2021-01-07 An in depth examination of the factors contributing to the criminalization of mental illness and strategies to combat them **Different Crimes, Different Criminals** Doris Layton MacKenzie, Lauren O'Neill, Wendy Povitsky, Summer Acevedo, 2014-09-25 This book focuses on the importance of incorporating both sociological and psychological viewpoints in the understanding of criminal behavior It identifies and explains emerging criminal offenders within the criminal justice system examining the individual differences that make different types of offenders unique Oxford Textbook of Correctional Psychiatry Robert L. Trestman, Kenneth L. Appelbaum, Jeffrey L. Metzner, 2015 This textbook brings together leading experts to provide a comprehensive and practical review of common clinical organisational and ethical issues in correctional psychiatry Forensic Psychology Graham J. Towl, David A. Crighton, 2010-01-29 A comprehensive overview of forensic psychology as it applies to the civil and criminal justice systems in the UK which draws on the international evidence base with contributions from leading international experts Designed to cover the British Psychological Society training syllabus in forensic psychology meeting the needs of postgraduate students Chapters are each written by leading international experts and provide the latest research and evidence base practice for students Ideal for qualified practitioners as a resource for continuing professional development The text is written in a style designed to support and direct students and includes specific learning aids and guides to further study Linked to an online site providing additional learning materials offering further aid to students Closing the Integration Gap in Criminology Glenn D. Walters, 2019-11-07 Closing the Integration Gap in Criminology The Case for Criminal Thinking offers a multi stage model of theory integration that organizes verified risk factors around the construct of criminal thinking to provide an exemplar working paradigm for criminology In the model once relevant risk factors have been identified they are organized into triads three variable networks of antecedent mediating or moderating effects and then those triads are combined into clusters of thematically related constructs While debate continues to rage over how to handle the burgeoning number of theories in criminology little significant progress has been made in reducing the number of criminological theories This book argues that theoretical integration is vital to the continued viability of criminological theory and to the growth and development of criminology as a scientific discipline It posits that criminal thinking may be useful as a core variable in constructing a useful integrated theory for criminology and maps out a plan for scholars to organize information for further study The innovative theoretical approach in this book is essential reading for students academics and researchers in both

criminology and forensic psychology concerned with the reduction of crime via scientific inquiry *The Practice of Correctional Psychology* Marguerite Ternes, Philip R. Magaletta, Marc W. Patry, 2018-11-24 This highly accessible volume tours the competencies and challenges relating to contemporary mental health service delivery in correctional settings Balancing the general and specific knowledge needed for conducting effective therapy in jails and prisons leading experts present eclectic theoretical models current statistics diagnostic information and frontline wisdom Evidence based practices are detailed for mental health assessment treatment and management of inmates including specialized populations women youth and offenders with specific pathologies sexual offenders psychopaths And readers are reminded that correctional psychology is in an evolutionary state adapting to the diverse needs of populations and practitioners in the context of reducing further offending Included in the coverage Assessing and treating offenders with mental illness Substance use disorders in correctional populations Assessing and treating offenders with intellectual disabilities Assessing and treating those who have committed sexual offenses Self harm suicidality in corrections Correctional staff The issue of job stress The Practice of Correctional Psychology will be of major interest to psychologists social workers and master s level clinicians and students who work in correctional institutions and settings with offenders on parole or probation as well as other professionals within the correctional system who work directly with offenders such as probation officers parole officers program officers and corrections officers
