Twenty Years of Education Transformation in Gauteng 1994 to 2014 Maringe, Felix, Prew, Martin, 2015-05-05 Twenty Years of Education Transformation in Gauteng 1994 to 2014 An Independent Review presents a collection of 15 important essays on different aspects of education in Gauteng since the advent of democracy in 1994 These essays talk to what a provincial education department does and how and why it does these things whether it be about policy resourcing or implementing projects Each essay is written by one or more specialist in the relevant focus area The book is written to be accessible to the general reader as well as being informative and an essential resource for the specialist reader It sheds light on aspects of how a provincial department operates and why and with what consequences certain decisions have been made in education over the last 20 turbulent years both nationally and provincially There has been no attempt to fit the book's chapters into a particular ideological or educational paradigm and as a result the reader will find differing views on various aspects of the Gauteng Department of Education's present and past We leave the reader to decide to what extent the GDE has fulfilled its educational mandate over the last 20 years South African national bibliography, 1999 Classified list with author and title index

Improving Primary Mathematics Education, Teaching and Learning Mellony Graven, Hamsa Venkat, 2017-01-19 This book focuses on how to improve the teaching and learning of primary level mathematics education within resource constrained contexts It builds on two large numeracy projects within South Africa which speak to broader global concerns and highlight how research and development not only enables one to meet ethical imperatives but also explore how further interventions can be developed Teacher and research communities must work together to create mutually beneficial relationships and establish a cohesive understanding of the requirements of primary mathematics education Annual Report South Africa. Department of Basic Education, 2016

Pedagogy in Poverty Ursula Hoadley, 2017-08-09 As South Africa transitioned from apartheid to democracy changes in the political landscape as well as educational agendas and discourse on both a national and international level shaped successive waves of curriculum reform over a relatively short period of time Using South Africa as a germane example of how curriculum and pedagogy can interact and affect educational outcomes Pedagogy in Poverty explores the potential of curricula to improve education in developing and emerging economies worldwide and ultimately to reduce inequality Incorporating detailed empirical accounts of life inside South African classrooms this book is a much needed contribution to international debate surrounding optimal curriculum and pedagogic forms for children in poor schools Classroom level responses to curriculum policy reforms reveal some implications of the shifts between a radical progressive approach and traditional curriculum forms Hoadley focuses on the crucial role of teachers as mediators between curriculum and pedagogy and explores key issues related to teacher knowledge by examining the teaching of reading and numeracy at the foundational levels of schooling Offering a data rich historical sociology of curriculum and pedagogic change this book will appeal to academics researchers and postgraduate

students in the fields of education sociology of education curriculum studies educational equality and school reform and the policy and politics of education

Space Operations Craig Cruzen, Michael Schmidhuber, Young H. Lee, 2022-03-15 This book includes a selection of reviewed and enhanced contributions presented at the SpaceOps 2021 the 16th International Conference on Space Operations held virtually in May 2021 The chapter selections were made based upon their relevance to the current space operations community The contributions represent a cross section of three main subject areas Mission Management management tasks for designing preparing and operating a particular mission Spacecraft Operations preparation and implementation of all activities to operate a space vehicle crewed and uncrewed under all conditions and Ground Operations preparation qualification and operations of a mission dedicated ground segment and appropriate infrastructure including antennas control centers and communication means and interfaces The book promotes the SpaceOps Committee's mission to foster the technical interchange on all aspects of space mission operations and ground data systems while promoting and maintaining an international community of space operations experts *Promoting effective enforcement of the prohibition against corporal punishment in South African schools* Faranaaz Veriava, 2014-06-13 The prohibition against corporal punishment is an integral part of the broader transformation of South African education The prohibition seeks to replace South Africa's violent and authoritarian past with an ethos respectful of human dignity and bodily integrity

Multidisciplinary Knowledge Production and Research Methods in Sub-Saharan Africa Tobias Marevesa, Ernest Jakaza, Esther Mavengano, 2023-08-25 This book Multidisciplinary Knowledge Production and Research Methods in Sub-Saharan Africa Language Literature and Religion contributes to the polemical conversations about existing architectures of knowledge and research practices in postcolonial sub-Saharan Africa It creates an academic platform for multi interdisciplinary research that brings to the fore inspiring efforts to break away from long standing disciplinary bordering thinking and practices in modern day sub-Saharan Africa This distinctive edited collection is a valuable resource for scholars researchers and students of multi interdisciplinary research across the globe The volume also promotes wide ranging research focused on how to address complexities which hamper the promise of multi interdisciplinary research in contemporary sub-Saharan African contexts It provides thought provoking perspectives on academic conversations about the uniqueness of embracing multidisciplinary research The traditional methods of interpretation are challenged by the radical emerging demand to shift from a mono disciplinary thinking to a cross disciplinary epistemic endeavour in order to successfully address unfolding problematic realities that demand the pursuit of novel heuristic terrains

Business Research Pieter W. Buys, Merwe Oberholzer, 2023-03-14 This book focuses on research methodologies that apply to business research particularly for researchers and managers embarking thereon to support managerial decision making in the industry In doing so the book's objective is to guide business researchers in identifying defining and applying rigorous academic methodologies that will enable them to formulate design and execute effective research that answers their specific

management problems Such guidance can empower organizational managers to understand that business research can contribute to practical solutions to actual problems experienced in the industry In addition by emphasizing the integrative nature between 1 academic research and 2 experienced industry problems it becomes possible to foster an awareness of such research s potential impact on organizational performance management sustainability and resilience With that attention is given to narrowing the gap between theory and practice which requires that fundamentals of scientific research be adhered to while maintaining the delicate balance between a practice friendly guide to pragmatically sound and academically rigorous business research **Mathematics** ,2002
