Female Voices and Egyptian Independence Rania M. Mahmoud, 2023-12-28 This book offers a nuanced analysis of the ways in which Egyptian and British novels represent the Egyptian nationalist project in its struggle

against British hegemony in the aftermath of two revolutions the 1881-82 Urabi Revolution known for inaugurating the British occupation of Egypt and the 1919 Revolution celebrated in Egyptian national memory as the classic Egyptian revolution par excellence Reading the novels against the grain the study recovers female voices that are multiply marginalized due to their gender and or ethnicity whether by colonial imperial powers the nation their immediate regional community or finally by the works under discussion themselves Using a comparative lens the study foregrounds the ways in which the authors confirm critique rewrite revise or reject developmental narratives Female Voices and Egyptian Independence pays particular attention to women that range from the uneducated black slave to the uneducated rural Siwan woman with artistic talent to the wealthy cultured Coptic housewife to the rising late nineteenth century British female professional and finally to the eclipsed twentieth century Egyptian female national intellectual all of whom play crucial roles in the journeys of the respective male protagonists and by extension the Egyptian national project

Tucker, Jules Janick, 2020-10-09 In 1929 Charles Upson Clark 1875-1960 a history Professor at Columbia University carrying out bibliographic research on the early history of the Americas in the Vatican Library came across a remarkable illustrated Latin manuscript entitled *Libellus de Medicinalibus Indorum Herbis* Little Book of Indian Medicinal Herbs completed in 1552 The manuscript now known as the Codex Cruz Badianus CCB contained 185 illustrations phytomorphs of plants with text that described their medicinal uses This manuscript spread new light on botanical and medicinal knowledge of the indigenous peoples of Mexico known today as the Nahuas or Aztecs It was to have major repercussions on our knowledge of Aztec culture and the history of New Spain in the 16th century CCB was produced at the Colegio de Imperial de Santa Cruz at Tlatelolco established in 1536 to train sons of the Aztec nobility for the clergy The authors were two indigenous faculty members Martin Martinus in Latin de la Cruz and Juan Badiano Juannes Badianus in Latin whose Spanish names were conferred upon their baptism Martin de la Cruz was the Colegio's indigenous doctor who gave instruction in medicine and Juan Badiano a Latin teacher and former student translated the book into Latin The herbal dedicated to the Viceroy Francisco de Mendoza was sent to Spain as a gift to King Carlos I soon after its completion in 1552 The original ended up in the Vatican Library until 1990 when John Paul II returned it to Mexico In 1931 the Mayanist scholar William Gates and the biologist Emily Walcott Emmart became aware of the manuscript and independently translated it to English In 2009 Martin Clayton Luigi Guerrini and Alejandro de Avila identified plants of the CCB based on Emmart's book and a 17th century copy found in the Windsor library Of the 185 phytomorphs Gates identified 85 on the generic level Emmart 9 and Clayton et al 126 However most of these identifications disagree In the present work 183 of 185 phytomorphs are systematically re-evaluated and identified on the generic as well as specific level along with their botanical descriptions previous identifications putative identification distribution names and uses

The Virgin and her Lover Bo Uta, Tomas Hägg, 2004-01-01 Starting from the authors discovery that the Persian epic poem *V miq and Adhr* by Un'ur 11th century AD

derives from the ancient Greek novel of *Mitokhos and Parthenop* the book contains critical editions of the Greek and Persian fragments and testimonia with English translation and comments The exciting story of the modern recovery of the two texts is told and the transformations of the productive theme of The ardent lover and the virgin are traced from Greek novel to Persian poem and through later Persian and Turkish literature Of particular importance is the authors attempt to reconstruct the common plot and individual variations adding a new work to the limited corpus of ancient novels and shedding new light on the genre of Persian epic poetry **The Oxford Dictionary of Saints, Fifth Edition Revised** David Farmer, 2011-04-14

The renowned Oxford Dictionary of Saints returns in a revised and updated form providing concise accounts of the lives cults and artistic associations of over 1 400 saints from the famous to the obscure Featuring new entries on recently canonized saints from around the world and a new appendix on pilgrimages The Marrano Phenomenon Agata

Bielik-Robson, 2019-05-09 What we call here the Marrano phenomenon is still a relatively unexplored fact of modern Western culture the presence of the borderline Jewish identity which avoids clear cut cultural and religious attribution but nevertheless exerts significant influence on modern humanities Our aim however is not a historical study of the Marranos or conversos i e the mostly Spanish and Portuguese Jews of the 15th and 16th centuries who were forced to convert to Christianity but were suspected of retaining their Judaism undercover such an approach already exists and has been developed within the field of historical research We rather want to apply the Marrano metaphor to explore the fruitful area of mixture and crossover which allowed modern thinkers writers and artists of the Jewish origin to enter the realm of universal communication without at the same time making them relinquish their Jewishness which they subsequently developed as a hidden tradition What is of special interest to us is the modern development of the non normative forms of religious thinking located on the borderline between Christianity and Judaism from Spinoza to Derrida *A Laboratory of Her Own* Victoria L. Ketz, Dawn Smith-Sherwood, Debra Faszler-McMahon, 2021-01-15 *A Laboratory of Her Own* gathers diverse voices to address women s interaction with STEM fields in the context of Spanish cultural production This volume focuses on the many ways the arts and humanities provide avenues for deepening the conversation about how women have been involved in excluded from and represented within the scientific realm While women s historic exclusion from STEM fields has been receiving increased scrutiny worldwide women within the Spanish context have been perhaps even more peripheral given the complex sociocultural structures emanating from gender norms and political ideologies dominant in nineteenth and twentieth century Spain Nonetheless Spanish female cultural producers have long been engaged with science and technology as expressed in literature art film and other genres Spanish arts and letters offer diverse representations of the relationships between women gender sexuality race and STEM fields *A Laboratory of Her Own* studies representations of a diverse range of Spanish women and scientific cultural products from the late nineteenth through the twenty first centuries STEM topics include the environment biodiversity temporal and spatial theories medicine and reproductive rights neuroscience robotics

artificial intelligence and quantum physics These scientific themes and other issues are analyzed in narratives paintings poetry photographs science fiction medical literature translation newswriting film and other forms Her Side of the Story Alba de Céspedes, 2023-11-14 A courageous novel beautifully imagined and written Elena Lappin The Washington Post De Céspedes work has lost none of its subversive force The New York Times Book Review De Céspedes s melancholy testament to a hidden life feels timeless and vital Publishers Weekly Starred Review From the author of Forbidden Notebook Alba de Céspedes a richly told novel she called the story of a great love and of a crime As she looks back on her life Alessandra Corteggiani recalls her youth during the rise of fascism in Italy the resistance and the fall of Mussolini the lives of the women in her family and her working class neighborhood rigorously committed to telling her side of the story Alessandra witnesses her mother an aspiring concert pianist suffer from the inability to escape her oppressive marriage Later she is sent away to live with her father s relatives in the country in the hope she ll finally learn to submit herself to the patriarchal system and authority But at the farm Alessandra grows increasingly rebellious conscious of the unjust treatment of generations of hardworking women in her family When she refuses the marriage proposal from a neighboring farmer she is sent back to Rome to tend to her ailing father In Rome Alessandra meets Francesco a charismatic anti fascist professor who ostensibly admires and supports her sense of independence and justice But she soon comes to recognize that even as she respects Francesco and is keen to participate in his struggle to reclaim their country from fascism this respect is unrequited and that her own beloved husband is ensnared by patriarchal conventions when it comes to their relationship In these pages De Céspedes delivers a breathtakingly accurate and timeless portrayal of the complexity of the female condition against the dramatic backdrop of WWII and the partisan uprising in Italy
