Building Blocks of Writing Skills Robert Iki Leso, 2012-09-07 *Building Blocks of Writing Skills* has been purposely written to meet the writing skills need for the Schools in Papua New Guinea. It is designed to be user friendly and simplified to meet the teaching and learning needs of the students and teachers in the classroom. This book is a rich material for students and teachers who wish to prepare for National Written Expression Examinations that is organized annually across the country. In five well-written chapters, the author swiftly takes the student how to write good narrative, descriptive, expository, argumentative papers and letter writing. Each chapter is carefully blended with a step-by-step direction on how a student should prepare and present a well-constructed paper. Indeed, the author has systematically arranged this book in order for the students to easily define, recall and display the different types of writings. It is equipped with useful, handy and practical activities to test the students' knowledge and skills in writing. In all, it is a well-written book for students who need it. Without a doubt, this book is not only about helping the students to write clearly and logically to present their narrative, descriptive, expository, argumentative accounts and letter writing, but also to develop the knowledge and skill levels of the students to become better persons in the future. Those who begin to use this book will acclaim it as a gift from someone who has seen the need for good writing and has given some thoughts and time to come up with this resourceful book. This is a must book for both students and teachers who have the drive to master the skills of writing and become better at it. **Outlook**, 2009
