Journey From Petersburg To Moscow Russian Text:

Self and Story in Russian History Laura Engelstein, Stephanie Sandler, 2000 Russians have often been characterized as people with souls rather than selves This study considers the stories of self of men and women across 200 years from peasants to Tolstoy as 15 historians and literary scholars situate narratives of self in their historical context **The First Russian Radical** David Marshall Lang, 2021-12-19 When this was originally published in 1959 it was the first full length biography of Alexander Radishchev published outside Russia and was based on hitherto unpublished material memoir literature and Radishchev's own writings Radishchev occupies a notable position in the history of European social thought as the first writer to apply the criteria of the Western Age of Reason to conditions in Tsarist Russia Sentenced to death on the orders of Catherine the Great and subsequently exiled in Siberia Radishchev stands out as the first great figure of the Russian radical intelligentsia and the first literary victim of Tsarist official intolerance **Breaking Ground** Sara Dickinson, 2006-01-01 Breaking Ground examines travel writing's contribution to the development of a Russian national culture from roughly 1700 to 1850 as Russia struggled to define itself against Western Europe Russian examples of literary travel writing began with imitative descriptions of grand tours abroad but progressive familiarity with the West and with its literary forms gradually enabled writers to find other ways of describing the experiences of Russians en route Blending foreign and native cultural influences writers responded to the pressures of the age to Catherine II Napoleon and Nicholas I for example both by turning inward to focus on domestic touring and by rewriting their relationship to the West This book tracks the evolution of literary travel writing in this period of its unprecedented popularity and demonstrates how the expression of national identity the discovery of a national culture and conceptions of place both Russian and Western European were among its primary achievements These elements also constitute travel writing's chief legacy to prose fiction breaking ground for the later masterpieces of writers such as Turgenev Dostoevsky and Tolstoy For literary scholars historians and other educated readers with interests in Russian culture travel writing comparative literature and national identity Republicanism in Russia Oleg Kharkhordin, 2018-11-05 Marxism was the loser in the Cold War but Oleg Kharkhordin is not surprised that liberal democracy failed to take root after the Soviet Union's dissolution He suggests that Russians find a path to freedom by looking to the classical tradition of republican self government and civic engagement already familiar from their history and literature Authenticity and Fiction in the Russian Literary Journey, 1790-1840 Andreas Schönle, 2000 In illuminating analyses of major texts as well as lesser known but influential works Andreas Schönle surveys the literary travelogue a form marked by a fully developed narrator's voice interpretive impressions scenic descriptions and extended narrative from its emergence in Russia to the end of the Romantic era **Russian Travelers to Constantinople in the Fourteenth and Fifteenth Centuries** George P. Majeska, 1984 **Iranian-Russian Encounters** Stephanie Cronin, 2013 Over the past two hundred years encounters between Iran and Russia have been both rich and

complex This book explores the myriad dimensions of the Iranian Russian encounter during a dramatic period which saw both Iran and Russia subject to revolutionary upheavals and transformed from multinational dynastic empires typical of the nineteenth century to modernizing authoritarian states typical of the twentieth The collection provides a fresh perspective on traditional preoccupations of international relations wars and diplomacy the hostility of opposing nationalisms the Russian imperial menace in the nineteenth century and the Soviet threat in the twentieth Going beyond the traditional this book examines subaltern as well as elite relations and combines a cultural social and intellectual dimension with the political and diplomatic In doing so the book seeks to construct a new discourse which contests the notion of an implacable enmity between Iran and Russia Bringing together leading scholars in the field this book demonstrates extensive use of family archives Iranian Russian and Caucasian travelogues and memoirs and newly available archives in both Iran and the countries of the former Soviet Union Providing essential background to current international tensions this book will be of particular use to students and scholars with an interest in the Middle East and Russia

The Russian Intelligentsia Christopher Read, 2024-02-22 The Russian Intelligentsia is the first single volume history of a small but tremendously influential group of Russian intellectuals who achieved world renown in a variety of spheres While previous accounts have addressed the history of individuals within this collective Christopher Read offers the first explanation of the intelligentsia as a group Read traces the vast debates that broke out between and within a multitude of intellectual factions and contextualizes the ideas of the group within the framework of cultural social political and economic development from the late 18th century to the present day This comprehensive yet accessible account demonstrates how the Russian intelligentsia morphed from one incarnation to the next and effectively situates this change and continuity within a

pan European context It considers the role of the intelligentsia throughout its origins its transformation during the Russian Revolution and since the collapse of communism and highlights the beliefs of key figures such as Fyodor Dostoyevsky Ivan Pavlov Vladimir Lenin Leon Trotsky and Mikhail Gorbachev In doing so Read provides an essential guide to a fascinating aspect of Russia's social and cultural history *The Russian Graphosphere, 1450-1850* Simon Franklin, 2019-05-16 Explores a new approach to the history of writing and a guide to writing in the history of Russia **Transnational**

Russian-American Travel Writing Margarita Marinova, 2012-05-22 In this study Marinova examines the diverse practices of crossing boundaries tactics of translation and experiences of double and multiple political and national attachments evident in texts about Russo American encounters from the end of the American Civil War to the Russian Revolution of 1905 Marinova brings together published writings archival materials and personal correspondence of well or less known travelers of diverse ethnic backgrounds and artistic predilections from the quintessential American Mark Twain to the Russian Jewish ethnographer and revolutionary Vladimir Bogoraz from masters of realist prose such as the Ukrainian born Vladimir Korolenko and the Jewish Russian American Abraham Cahan to romantic wanderers like Edna Proctor Isabel Hapgood or Grigorii Machtet By highlighting the reification of problematic stereotypes of ethnic and racial difference in these texts Marinova illuminates the astonishing success of the Cold War period's rhetoric of mutual hatred and exclusion and its continuing legacy today **From the Holy Roman Empire to the Land of the Tsars** Alexander M. Martin, 2022 Presenting a broad panorama of society and culture in the German lands and Russia from the Enlightenment to the breakthrough of modernity this microhistory of one extraordinary family explores how the lives of individual people are entangled with the great forces of their age *The City in Russian Culture* Pavel Lyssakov, Stephen Norris, 2018-04-19 Cities are constructed and organized by people and in turn become an important factor in the organization of human life They are sites of both social encounter and social division and provide for their inhabitants a sense of place This book explores the nature of Russian cities outlining the role played by various Russian cities over time It focuses on a range of cities including provincial cities considering both physical iconic created cities and also cities as represented in films fiction and other writing Overall the book provides a rich picture of the huge variety of Russian cities **Brodsky Abroad** Sanna Turoma, 2010-05-26 Expelled from the Soviet Union in 1972 and honored with the Nobel Prize fifteen years later poet Joseph Brodsky in many ways fit the grand tradition of exiled writer But Brodsky's years of exile did not render him immobile though he never returned to his beloved Leningrad he was free to travel the world and write about it In *Brodsky Abroad* Sanna Turoma discusses Brodsky's poems and essays about Mexico Brazil Turkey and Venice Challenging traditional conceptions behind Brodsky's status as a leading migr poet and major descendant of Russian and Euro American modernism she relocates the analysis of his travel texts in the diverse context of contemporary travel and its critique Turoma views Brodsky's travel writing as a response not only to his exile but also to the postmodern and postcolonial landscape that initially shaped

the writing of these texts In his Latin American encounters Brodsky exhibits disdain for third world politics and invokes the elegiac genre to reject Mexico's postcolonial reality and to ironically embrace the romanticism of an earlier Russian and European imperial age In an essay on Istanbul he assumes Russia's ambiguous position between East and West as his own to negotiate a distinct and controversial interpretation of Orientalism And Venice the emblematic tourist city becomes the site for a reinvention of his lyric self as more fluid hybrid and cosmopolitan Brodsky *Abroad* reveals the poet's previously uncharted trajectory from alienated dissident to celebrated man of letters and offers new perspectives on the geopolitical philosophical and linguistic premises of his poetic imagination Reference Guide to Russian Literature Neil

Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public **Encyclopedia of the Novel** Paul Schellinger, 2014-04-08 The Encyclopedia of the Novel is the first

reference book that focuses on the development of the novel throughout the world Entries on individual writers assess the place of that writer within the development of the novel form explaining why and in exactly what ways that writer is important Similarly an entry on an individual novel discusses the importance of that novel not only from analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world *The House in Russian Literature* J. J. van Baak, 2009 The domestic theme has a tremendous anthropological literary and cultural significance The purpose of this book is to analyse and interpret the most important realisations and tendencies of this thematic complex in the history of Russian literature It is the first systematic book length exploration of the meaning and development of the House theme in Russian literature of the past 200 years It studies the ideological psychological and moral meanings which Russian cultural and literary tradition have invested in the house or projected on it in literary texts Central to this study's approach is the concept of the House Myth consisting of a set of basic fabular elements and a set of general types of House images This House Myth provides the general point of reference from which the literary works were analyzed and compared With the help of this analytical procedure characteristics of individual authors could be described as well as recurrent patterns and features discerned in the way Russian literature dealt with the House and its thematics thus reflecting characteristics of Russian literary world pictures Russian mentalities and Russian attitudes towards life This book is of interest for students of Russian literature as well as for those interested in the House as a cultural and literary topic in the semiotics of literature and in relations between culture anthropology and literature *Cardinal Isidore (c.1390-1462)* Marios Philippides, Walter K. Hanak, 2018-04-09 A member of the imperial Palaiologan family albeit most probably illegitimate Isidore became a scholar at a young age and began his rise in the Byzantine ecclesiastical ranks

He was an active advocate of the union of the Orthodox and Catholic Churches in Constantinople His military exploits including his participation in the defence of Constantinople in 1453 provide us with eyewitness accounts Without doubt he travelled widely perhaps more so than any other individual in the annals of Byzantine history Greece Asia Minor Sicily Russia Poland Lithuania and Italy His roles included diplomat high ecclesiastic in both the Orthodox and Catholic churches theologian soldier papal emissary to the Constantinopolitan court delegate to the Council of Florence advisor to the last Byzantine emperors metropolitan of Kiev and all Russia and member of the Vatican curia This is an original work based on new archival research and the first monograph to study Cardinal Isidore in his many diverse roles His contributions to the events of the first six decades of the quattrocento are important for the study of major Church councils and the fall of Constantinople to the Ottoman Turks Isidore played a crucial role in each of these events
