Pornographers, Hacks, and Blackmailers in Interwar France H.G. Cocks, 2024-11-14 After the 1881 declaration of press freedom France enjoyed a golden age of print arguably up until the 1950s This book shines a much needed light on one of the key elements of France's new literary age that being the production of pornography of all kinds H G Cocks reveals how publishers and writers both mainstream and clandestine tried to cash in on the vogue for erotic literature which surfaced at the time Though the vast majority of what was produced was no more than risqué or saucy Cocks shows that this was seen as far more dangerous than frank sexual imagery as it was mostly legal and within the range of the ordinary reader Pornographers Hacks and Blackmailers in Interwar France reflects on how as a result of this gold rush for what one writer called the faux obscene a great deal of writing journalism and quite a few literary and even political careers were supported by the writing of pornography For some this new wave of indecent literature seemed to be sapping the morale of the Republic while for others it was simply part of the creative literary and journalistic ferment of the period In that sense Cocks convincingly argues the pornographic became part of the curious mixture of cultural energy and malaise that enveloped the struggling French democracy

Baines, 2021-10-25 This is the first major study in English of the work of the French novelist essayist journalist poet and chansonnier Pierre Mac Orlan 1882 1970 It assesses Mac Orlan's contribution to the post 1918 phenomenon of intellectual disillusionment and disorientation which was termed the nouveau mal du siècle or inquiétude Although he has largely been ignored by critics thus far Mac Orlan was part of mainstream French literary production and a major exponent of inquiétude Where he differs from his contemporaries is in his subject matter in his use of sociological rather than abstract intellectual material His expression of inquiétude encompasses le fantastique social adventure marginality le cafard and sadistic sexuality His originality lies in his invention of le fantastique social in his constant use of certain techniques as well as the subject matter of German Expressionism via the depiction of the disturbing landscape of the modern city post 1918 inflation and decadence prostitutes and criminals doomed adventurers the mystery of modern technology and in the expression of a morbid interest in sexual violence This volume will be of particular interest to students of inter war French literature and thought
