## Mayor and City Council **Oppose Offshore Wind Project**

The Ocean City Mayor and City Council are continuing their opposition to the construction of offshore wind turbines within view of our shoreline. Unfortunately, despite our efforts, the turbines have only grown larger and closer to our beach. US Wind, the developer of the Maryland project has submitted permit applications to the Federal Government requesting that they be allowed to construct turbines 928' tall as close as 71.5 miles from us. To put that in perspective, each turbine would be almost four times the height of the tallest building in Ocean City.

Not only has the size of the turbines increased but the impact on your electric bill could also be

bigger. Offshore wind is already one of the most expensive forms of electricity and a new law currently under consideration by the Maryland General Assembly would allow US Wind to renegotiate their agreements with the State to increase the subsidies they receive from Maryland Ratepayers. It is no wonder that US Wind needs more money from Maryland since they have been offering millions of dollars to Delaware beach towns. In exchange for these Delaware towns agreeing not to oppose US Wind, they receive "Community Benefit Packages" from US Wind worth hundreds of thousands of dollars each year. US Wind made a similar offer to Ocean City but our Mayor and Council

declined and Mayor Meahan stated that "Ocean City is not for sale".

To understand why Ocean City is so opposed to the US Wind Project, please visit the Federal Bureau of Ocean Energy Management's website at: <https://www.boem.gov/renewable-energy/state-activities/maryland-offshore-wind>. Then click on the Visual Impact Assessment Tab, scroll down to the photo and video simulations and see for yourself what US Wind plans to build. If you feel as strongly as we do that the project will forever destroy our beautiful ocean sunrises, then please contact your State and Federal representatives and tell them what you think. Our neighbors in Virginia Beach and the Outer Banks will have their wind projects beyond the horizon. Their views have been protected, ours should be too. Let's get this right.
