Austin, TX 78760

FROM: 502 ABW/OC

SUBJECT: Notification of Debarment Action

1. On June 12, 2014, you entered Joint Base San Antonio-Lackland, Texas, without authorization to take photographs and make a broadcast. You did this after being specifically informed by the installation Public Affairs Office (PAO) that the facility you wished to film already had a media day, which you failed to attend. Furthermore, you were told that the PAO could only authorize your entrance if there was an approved and scheduled media event. The PAO specifically confirmed for you that the facility you wished to visit was not having a media event at that time and, therefore, entrance onto the installation was not authorized. Despite this information and direct instruction, you circumvented proper installation access procedures and gained unauthorized access to a secure military installation to engage in unauthorized photography and broadcast.
2. It has been determined that your actions are detrimental to the maintenance of good order and discipline, as well as to the safety and security of the installation. You are hereby put on notice that should you make unauthorized entry into any of the Joint Base San Antonio (JBSA) installations in the future, a debarment order will be issued and you will be prohibited from entering JBSA-Lackland, Randolph, Fort Sam Houston, Camp Bullis and all annexes and leaseback facilities from that point forward for a defined period of time. Should such a debarment order be promulgated, any entrance onto a JBSA installation, to include any of the aforementioned areas, will subject you to detention by security personnel for delivery to the appropriate civilian or military authorities.
3. If you fail to comply with a debarment order, you will be subject to prosecution under Title 18 of the U. S. Code, Section 1382, Entering Military, Naval or Coast Guard Property, which states: "Whoever, within the jurisdiction of the United States, goes upon any Military, Naval or Coast Guard reservation, post, fort, arsenal, yard, station or installation, for any purpose prohibited by law or lawful regulation; or, whoever reenters or is found within any such reservation, post, fort, arsenal, yard, station or installation after having been removed there from, or ordered not to reenter by any officer or person in command or charge thereof, shall be fined not more than [\$5,000.00] or imprisoned not more than six months, or both" [as amended by 18 U.S.C. § 3571(b)(6)].

A *World History of War Crimes* Michael S. Bryant, 2015-12-17 *A World History of War Crimes* provides a truly global history of war crimes and the involvement of the legal systems faced with these acts. Documenting the long historical arc traced by human efforts to limit warfare from codes of war in antiquity designed to maintain a religiously conceived cosmic order to the gradual use in the modern age of the criminal trial as a means of enforcing universal norms this book provides a comprehensive one-volume account of war and the laws that have governed conflict since the dawn of world civilizations. Throughout his narrative Michael Bryant locates the origin and evolution of the law of war in the interplay between different cultures. While showing that no single philosophical idea underlay the law of war in world history this volume also proves that war in global civilization has rarely been an anarchic free-for-all. Rather from its beginnings warfare has been subject to certain constraints defined by the unique needs and cosmological understandings of the cultures that produce them. Only in late modernity has law assumed its current international humanitarian form. The criminalization of war crimes in international courts today is only the most recent development of the ancient theme of constraining when and how war may be fought.

Crimea, Global Rivalry, and the Vengeance of History Hall Gardner, 2016-04-30 Gardner examines the causes and consequences of Russia's annexation of Crimea. By analyzing alliance formations and the consequences of other annexations in world history the book urges an alternative US NATO European Japanese strategy toward both Russia and China in the effort to prevent a renewed arms race if not global war.

Counter-History of the Present Gabriel Rockhill, 2017-05-04 In *Counter-History of the Present* Gabriel

Rockhill contests dismantles and displaces one of the most widespread understandings of the contemporary world that we are all living in a democratized and globalized era intimately connected by a single overarching economic and technological network Noting how such a narrative fails to account for the experiences of the billions of people who lack economic security digital access and real political power Rockhill interrogates the ways in which this grand narrative has emerged in the same historical economic and cultural context as the fervid expansion of neoliberalism He also critiques the concurrent valorization of democracy which is often used to justify U S military interventions on the behalf of capital Developing an alternative account of the current conjuncture that acknowledges the plurality of lived experiences around the globe and in different social strata he shifts the foundations upon which debates about the contemporary world can be staged Rockhill s counter history thereby offers a new grammar for historical narratives creating space for the articulation of futures no longer engulfed in the perpetuation of the present
