Memorandum Life Science Paper 1 March 2014

Jayita Sarkar

Memorandum Life Science Paper 1 March 2014:

The Politics and Crisis Management of Animal Health Security John Connolly, 2016-03-09 The Politics and Crisis Management of Animal Health Security addresses the 2001 foot and mouth epidemic in the United Kingdom one of if not the most significant crises ever to face the UK farming industry Underpinned by interviews with politicians and bureaucrats and with significant primary documentary analysis the book shows that the crisis was a critical juncture in how disease outbreaks have been planned and managed ever since The author explores how this event affected policy and governance arrangements for managing subsequent disease induced threats such as avian influenza and bovine TB and concludes by considering the temporality of lesson learning by the UK government including the current and future challenges associated with managing incongruent risks e g flood protection swine flu and Ebola This book provides students of public policy and administration with a significant illustration of how key concepts and analytical lenses from public policy can be applied to the study of the contours of practical policy change

Open Science by Design National Academies of Sciences, Engineering, and Medicine, Policy and Global Affairs, Board on Research Data and Information, Committee on Toward an Open Science Enterprise, 2018-09-09 Openness and sharing of information are fundamental to the progress of science and to the effective functioning of the research enterprise The advent of scientific journals in the 17th century helped power the Scientific Revolution by allowing researchers to communicate across time and space using the technologies of that era to generate reliable knowledge more quickly and efficiently Harnessing today's stunning ongoing advances in information technologies the global research enterprise and its stakeholders are moving toward a new open science ecosystem Open science aims to ensure the free availability and usability of scholarly publications the data that result from scholarly research and the methodologies including code or algorithms that were used to generate those data Open Science by Design is aimed at overcoming barriers and moving toward open science as the default approach across the research enterprise This report explores specific examples of open science and discusses a range of challenges focusing on stakeholder perspectives It is meant to provide guidance to the research enterprise and its stakeholders as they build strategies for achieving open science and take the next steps

Data Management Margaret E. Henderson, 2016-10-25 Libraries organize information and data is information so it is natural that librarians should help people who need to find organize use or store data Organizations need evidence for decision making data provides that evidence Inventors and creators build upon data collected by others All around us people need data Librarians can help increase the relevance of their library to the research and education mission of their institution by learning more about data and how to manage it Data Management will guide readers through Understanding data management basics and best practices Using the reference interview to help with data management Writing data management plans for grants Starting and growing a data management service Finding collaborators inside and outside the library Collecting and using data in different disciplines

Writing the History of the

Humanities Herman Paul, 2022-11-17 Choice Outstanding Academic Title 2023 What are the humanities As the cluster of disciplines historically grouped together as humanities has grown and diversified to include media studies and digital studies alongside philosophy art history and musicology to name a few the need to clearly define the field is pertinent Herman Paul leads a stellar line up of esteemed and early career scholars to provide an overview of the themes questions and methods that are central to current research on the history of the nineteenth and twentieth century humanities This exciting addition to the successful Writing History series will draw from a wide range of case studies from diverse fields as classical philology art history and Biblical studies to provide a state of the art overview of the field In doing so this ground breaking book challenges the rigid distinctions between disciplines and show the variety of prisms through which historians of the humanities study the past

Oilfield Microbiology Torben Lund Skovhus, Corinne Whitby, 2019-03-29 Microorganisms can be both beneficial and harmful to the oil and gas industry and therefore there is an increasing need for the oil industry to characterize quantify and monitor microbial communities in real time Oilfield Microbiology offers a fundamental insight into how molecular microbiological methods have enabled researchers in the field to analyze and quantify in situ microbial communities and their activities in response to changing environmental conditions Such information is fundamental to the oil industry to employ more directed cost effective strategies to prevent the major problems associated with deleterious microbial activities e g souring and biocorrosion as well as to encourage beneficial microbe activity e g oil bioremediation The aim of the book is to understand how the technological advances in molecular microbiological methods over the last two decades are now being utilized by the oil industry to address the key issues faced by the sector This book contains a comprehensive collection of chapters written by invited experts in the field from academia and industry and provides a solid foundation of the importance of microbes to the oil and gas industry It is aimed at microbial ecologists molecular biologists operators engineers chemists and academics involved in the sector

How's Life? 2015 Measuring Well-being OECD, 2015-10-13 How's Life describes the essential ingredients that shape people's well being in OECD and partner countries It includes a wide variety of statistics capturing both material well being and quality of life This third edition includes a special focus on child well being

Boys, Young Men and Violence Ken Harland, Sam McCready, 2015-10-29 This book draws upon data collected over an 18 year period with over 1000 boys and young men across Northern Ireland Providing critical reflections on violence masculinity and education it uses the voices and experiences of young men to inform and influence research practice and policy

Довго і щасливо Пол Долан, 2020-04-24

Entrepreneurial and Innovative Practices in Public Institutions João Leitão, Helena Alves, 2016-09-21 This volume discusses the importance of adopting entrepreneurial and innovation practices in the public sector as mechanisms for detecting dealing with and including citizens social needs with a reflection on positive determination of their quality of life It focuses on critical reflection and rethinking the articulation between the dimensions of transformation entrepreneurship and innovation of New

Public Management NPM In this way the book contributes to deepening knowledge about the implications of this change in the organizational paradigm of the public sector for citizens quality of life which is treated multi dimensionally here including citizens well being purchasing power happiness trust safety experience and satisfaction The volume constitutes a reference guide for decision makers managers and policy makers engaged in the public sector who want to differentiate their performance by fostering entrepreneurial and innovative practices in the scope of public administration that can enhance citizens quality of life This volume is also a reference guide for scholars policy makers and practitioners interested on public innovation The Rhetorical Invention of America's National Security State Marouf Hasian Jr.,Sean Lawson,Megan D.

McFarlane,2015-07-29 The Rhetorical Invention of America s National Security State examines the rhetoric and discourse produced by and constitutive of America s national security state Hasian Lawson and McFarlane illustrate the importance of rhetoric to the expansion of the American national security state in the post 9 11 era through their examination of the global war on terrorism enhanced interrogation techniques drone crew stress activities of Edward Snowden rise of Special Forces and popular representations of counterterrorism The coauthors contend this expansion was not the result of lone imperial executives or a nefarious state within a state but was co produced by elite and non elite Americans alike who not only condoned but also in many cases demanded the expansion of the national security state This work will be of interest to scholars in communication studies and political science

Free Speech and Unfree News Sam Lebovic,2016-03-14 Does America have a free press Many who say yes appeal to First Amendment protections against censorship Sam Lebovic shows that free speech on its own is not sufficient to produce a free press and helps us understand the crises that beset the press amid media consolidation a secretive national security state and the daily newspaper s decline

Perspectives in Waging Conflicts Constructively Bruce W. Dayton,Louis Kriesberg,2017-01-12 Perspectives in Waging Conflicts Constructively offers diverse perspectives on how large scale conflicts can be conducted with more positive benefits minimizing their destructiveness Distinguished analysts and practitioners review the core ideas of the innovative constructive conflict approach and examine cases where conflicts have been waged with fewer destructive consequences An introduction presents key concepts in constructive conflict resolution and chapters offer cases of these theories in action Cases feature both global and regional examples ranging from Israel to North Korea The book also contains recommendations for policy makers non governmental organizations and citizens about how stakeholders at all levels might help avoid destructive patterns that are common in large scale conflict while working for positive change Contributors include Patrick G Coy Esra Cuhadar Bruce W Dayton Martina Fischer Galia Golan Louis Kriesberg Christopher Mitchell Robert Murrett Thania Paffenholz Lee Smithey and Steven Zunes
