**TO:** Marketing and Sales Departments

**FROM:** Finance Department

**DATE:** November 1, 2023

---

**SUBJECT:** Revised Budget Allocations for Q4 Campaigns

Dear Teams,

We wish to bring to your attention a significant adjustment in the budget allocation for the upcoming Q4 marketing and sales campaigns.

- **Background:** The recent expansion into the European market, combined with the unexpected costs associated with new regulatory compliance, has led us to revisit our budgeting priorities for the last quarter.
- **Action:** Effective immediately, there will be a 10% reduction in the Q4 budget for both departments. We understand that this might be challenging, but we believe that with collaborative effort and strategic adjustments, we can still achieve our targets.
- **Implications:** While we hope that the core activities will remain unaffected, some of the ancillary campaigns and activities might need to be rescheduled or streamlined. We recommend each team to prioritize their initiatives and present a revised plan considering the new budget.

Your understanding, adaptability, and cooperation in this matter are not only appreciated but crucial for Influno's continued growth and success in these changing times.

*The Report: Qatar 2015* Oxford Business Group, 2015-04-22 Qatar's sizable oil and natural gas reserves have underpinned its rapid economic growth over the past two decades. Home to the world's largest non-associated gas field, the country is the world's fourth largest producer of dry natural gas and the largest producer of liquefied natural gas, with hydrocarbons revenues forming the bulk of national income as a result. Although the drop in global energy prices has impacted export revenues, rigorous economic diversification drives in recent years have paid dividends, and in 2015 non-hydrocarbons growth reached 7.7% compared to a 0.1% contraction for hydrocarbons growth during the same period. The country's financial sector has continued to evolve. Islamic banking in particular has witnessed significant progress. Meanwhile, as the country gears up to host several important sporting events in the coming years, most notably the 2022 FIFA World Cup, numerous big ticket infrastructure builds continue to expand the construction sector. **Yearbook of International Organizations 2014-2015**
