Chichikov, a middle-aged gentleman of middling social class and means, arrives in a small town and turns on the charm to woo key local officials and landowners. He reveals little about his past or his purpose as he sets about carrying out his bizarre and mysterious plan to acquire dead souls. The government would tax the landowners based on how many serfs or souls the landowner owned determined by the census. Censuses in this period were infrequent so landowners would often be paying taxes on serfs that were no longer living thus the dead souls. It is these dead souls existing on paper only that Chichikov seeks to purchase from the landlords in the villages he visits. Setting off for the surrounding estates Chichikov at first assumes that the ignorant provincials will be more than eager to give their dead souls up in exchange for a token payment. The task of collecting the rights to dead people proves difficult however due to the persistent greed, suspicion and general distrust of the landowners. **Zǐ Wēi Dòu Shù: Destiny Prediction the Chinese Way (English Edition)** Dr. Mauro Purnomo Rahardjo, 2024-05-24 The most important thing about the calculation of Z W i D u Sh is the role of the 4 transformation stars called S Hu Y o which becomes the elements of transformation of the main stars according to the passage of time. The transformation that occurs are colouring the dynamics of an individual's life based on the calculation of heavenly stems that mark the dimension of time from decade to decade and year to year. The calculation of Z W i D u Sh is easier to understand as it does not involve complex interpretations of the interactions between elements as is done in the Bazi calculation. The interpretation shown on the life chart is blunt or direct. First published in 2010 the Indonesian version of this book has become one of the best sellers of its time. Years later with the encouragement of the public Feng Shui loving friends and clients the Z W i D u Sh book was re-published with a revised material for a more complete content and has finally been published in an English version. This book is organized like an encyclopedia so that readers can look up the interpretations directly after knowing their M ng P n Map of Life. In order to keep the information up to date this book has been revised with the most obvious addition being the interpretations and meanings of the main stars which changes due to
