Flight Risk Forrest L. Marion, 2018-10-15 From the 1920s Afghanistan maintained a small air arm that depended heavily upon outside assistance Starting in 2005 the United States led an air advisory campaign to rebuild the Afghan Air Force AAF In 2007 a formal joint combined entity led by a U S Air Force brigadier general began air advisor work with Afghan airmen Between 2007 and 2011 these efforts made modest progress in terms of infrastructures personnel and aircraft accessions and various training courses But by 2010 advisors increasingly viewed AAF command and control C2 as a problem area that required significant improvement if a professional air force was to be built In the spring of 2011 major institutional changes to AAF C2 procedures were being introduced when nine U S air advisors were killed The attack was the worst single incident loss of U S Air Force personnel in a deployed location since 1996 and the worst insider attack since 2001 From the day of that tragic event the cultural chasm between Afghanistan and the West became more apparent This dilemma continues with no end in sight to an air advisory mission of uncertain long term value **Yearbook of International Organizations**

Townsend, 2019-08-22 *Automobility and the City in Twentieth Century Britain and Japan* is the first book to consider how mass motorization reshaped cities in Japan and Britain during the 20th century Taking two leading motor cities Nagoya and Birmingham as their principal subjects Simon Gunn and Susan C Townsend show how cars changed the spatial form and individual experience of the modern city and reveal the similarities and differences between Japan and Britain in adapting to the motor age The book has three main themes the place of automobility in post war urban reconstruction the emerging conflict between the promise of mobility and personal freedom offered by the car and its consequences for the urban environment the M E dilemma and the extent to which the Anglo Japanese comparison can throw light on fundamental differences in cultural understanding of the environment urbanism and the self The result is the first comparative history of mass automobility and its environmental consequences between East and West **Men in reserve** Juliette Pattinson, Arthur McIvor, Linsey Robb, 2017-02-01 *Men in reserve* focuses on working class civilian men who as a result of working in reserved occupations were exempt from enlistment in the armed forces It uses fifty six newly conducted oral history interviews as well as autobiographies visual sources and existing archived interviews to explore how this group articulated their wartime experiences and how they positioned themselves in relation to the hegemonic discourse of military masculinity It considers

the range of masculine identities circulating amongst civilian male workers during the war and investigates the extent to which reserved workers draw upon these identities when recalling their wartime selves It argues that the Second World War was capable of challenging civilian masculinities positioning the civilian man below that of the soldier hero while simultaneously reinforcing them by bolstering the capacity to provide and to earn high wages frequently in risky and dangerous work all which were key markers of masculinity Pigskin Nation Jesse Berrett,2018-04-11 Cast as the ultimate hardhats football players of the 1960s seemed to personify a crewcut traditional manhood that channeled the Puritan work ethic Yet despite a social upheaval against such virtues the National Football League won over all of America and became a cultural force that recast politics in its own smashmouth image Jesse Berrett explores pro football s new place in the zeitgeist of the 1960s and 1970s The NFL s brilliant harnessing of the sports media complex combined with a nimble curation of its official line brought different visions of the same game to both Main Street and the ivory tower Politicians meanwhile spouted gridiron jargon as their handlers co opted the NFL s gift for spectacle and mythmaking to shape a potent new politics that in essence became pro football Governing entertainment news elections celebrity all put aside old loyalties to pursue the mass audience captured by the NFL s alchemy of presentation television and high stepping style An invigorating appraisal of a dynamic era Pigskin Nation reveals how pro football created the template for a future that became our present **Party in the Street** Michael T. Heaney,Fabio Rojas,2015-02-02 Party in the Street explores the interaction between political parties and social movements in the United States Examining the collapse of the post 9 11 antiwar movement against the wars in Iraq and Afghanistan this book focuses on activism and protest in the United States It argues that the electoral success of the Democratic Party and President Barack Obama as well as antipathy toward President George W Bush played a greater role in this collapse than did changes in foreign policy It shows that how people identify with social movements and political parties matters a great deal and it considers the Tea Party and Occupy Wall Street as comparison cases **Edward M. Almond and the US Army** Michael E. Lynch,2019-10-15 This study presents a comprehensive look at a complex man who exhibited an unfaltering commitment to the military and to his soldiers but whose career was marked by controversy As a senior Army officer in World Wars I and II Lt Gen Edward M Almond lived by the adage that units don t fail leaders do He was chosen to command the 92nd Infantry Division one of only two African American divisions to see combat during WWII but when the infantry performed poorly in Italy in 1944 1945 he asserted that it was due to their inferiority as a race and not their maltreatment by a separate but unequal society He would later command the X Corps during the Inchon invasion that changed the course of the Korean War but his accomplishments would be overshadowed by his abrasive personality and tactical mistakes This book addresses how Almond s early education at the Virginia Military Institute with its strong Confederate and military influences shaped his military prowess Presented is a thorough assessment of Almond s military record how he garnered respect for his aggressiveness courage in combat strong dedication and leadership and how he was

affected by the loss of his son and son in law in combat during WWII Following the war Almond would return to the US to assume command of the US Army War College but would find himself unprepared for a changing world This volume asserts that since his death his bigoted views have come to dominate his place in history and undermine his military achievements

East Asian Development Model Shiping Hua, Ruihua Hu, 2014-12-17 Given the impressive growth in East Asia after World War II initially led by Japan the region's development models have been scrutinized since the 1980s The shared Confucian cultural heritage strong government guidance and export led economies were often cited as contributors to the impressive growth However major changes have taken place in Asia on and around the turn of the century Japan experienced two decades of economic slow down while World Bank figures reveal that China is poised to become the largest economy in the world in 2014 overtaking the United States Bearing this in mind is it even possible to formulate an East Asian development model in the context of a shifting twenty first century And if so what is it This book addresses this issue by looking at the economic political and cultural perspectives of China Japan and South Korea focusing on dynamism and potential consensus regarding an East Asian development model The chapters offer a historical background to the East Asian development model as well as in depth case studies of each of the countries concerned to show that whilst the East Asian development model does have distinct characteristics as compared with other areas and other countries may draw some insights from the East Asian experience it is not a panacea that fits all circumstances and fits all times This book will be welcomed by students and scholars of Asian economics Asian politics international political economy and development studies
