Tourism Places in Asia Alan A. Lew, 2021-05-27 *Tourism Places in Asia* examines the impacts of tourism on places in East and Southwest Asia. Asia has been the most dynamic region for tourism development in recent decades and tourism research from this region has grown significantly to better understand this phenomenon. The primary focus is on the Chinese realm of mainland China and Taiwan. East Asia has been the most dynamic region for tourism development in the world in recent decades driven by the growth of both outbound and domestic travel and tourism among mainland Chinese. This reflects the phenomenal change in prosperity that the People's Republic of China has experienced since the 1970s as well as the human drive to travel and explore their world. Tourism research has also grown significantly in the Asian continent in recent years. Much of this scholarship is focused on developing the Asian economies to move them from their developing world status. *Tourism Places in Asia: Destinations, Stakeholders and Consumption* highlights the progress of tourism scholarship in Asia in other areas especially in the way places are impacted by impacts tourists and the tourism industry.
