Invisible Enemy Greta de Jong, 2010-04-12 This highly accessible account of the evolution of American racism outlines how colorblind approaches to discrimination ensured the perpetuation of racial inequality in the United States well beyond the 1960s A highly accessible account of the evolution of American racism its perpetuation and black people s struggles for equality in the post civil rights era Guides students to a better understanding of the experiences of black Americans and their ongoing struggles for justice by highlighting the interconnectedness of African American history with that of the nation as a whole Highlights the economic and political functions that racism has served throughout the nation s history Discusses the continuation of the freedom movement beyond the 1960s to provide a comprehensive new historiography of racial equality and social justice

*A Different Day* Greta de Jong, 2003-04-03 Examining African Americans struggles for freedom and justice in rural Louisiana during the Jim Crow and civil rights eras Greta de Jong illuminates the connections between the informal strategies of resistance that black people pursued in the early twentieth century and the mass protests that emerged in the 1950s and 1960s Using evidence drawn from oral histories and a wide range of other sources she demonstrates that rural African Americans were politically aware and active long before civil rights organizers arrived in the region in the 1960s to encourage voter registration and demonstrations against segregation De Jong explores the numerous often subtle methods African Americans used to resist oppression within the confines of the Jim Crow system Such everyday forms of resistance included developing strategies for educating black children creating strong community institutions and fighting back against white violence In the wake of the economic changes that swept the South during and after World War II these activities became more open and organized culminating in voter registration drives and other protests conducted in cooperation with civil rights workers Deeply researched and accessibly written *A Different Day* spotlights the ordinary heroes of the freedom struggle and offers a new perspective on black activism throughout the twentieth century

*You Can't Eat Freedom* Greta de Jong, 2016-08-30 Two revolutions roiled the rural South after the mid 1960s the political revolution wrought by the passage of civil rights legislation and the ongoing economic revolution brought about by increasing agricultural mechanization Political empowerment for black southerners coincided with the transformation of southern agriculture and the displacement of thousands of former sharecroppers from the land Focusing on the plantation regions of Alabama Louisiana and Mississippi Greta de Jong analyzes how social justice activists responded to mass unemployment by lobbying political leaders initiating antipoverty projects and forming cooperative enterprises that fostered economic and political autonomy efforts that encountered strong opposition from free market proponents who opposed government action to solve the crisis Making clear the relationship between the civil rights movement and the War on Poverty this history of rural organizing shows how responses to labor displacement in the South shaped the experiences of other Americans who were affected by mass layoffs in the late twentieth century shedding light on a debate that continues to reverberate today

*Remember My Sacrifice* Elizabeth Davey, Rodney Clark, 2007-11-01 On the morning of July 27 1940 police arrested African American labor organizer Clinton Clark during a parishwide rally in Natchitoches Louisiana That day over 800 black farmers and plantation workers made their way to town to protest for fair payments for their crops and equal access to New Deal assistance programs Though those arrested with him were released after only three days Clinton remained in jail for three weeks without charges and faced a possible lynching News of Clark s captivity reached New Orleans labor organizers and spread to national civil liberties groups making him a public figure among civil rights organizations Recounting Clark s life in his own words *Remember My Sacrifice* is an exceptional first hand account of the lives of African Americans in rural Louisiana and of Clark s covert efforts to organize sharecroppers and farm workers during the Great Depression Born in 1903 Clark grew up in a sharecropping family in Pointe Coupee Parish Louisiana Like many of his counterparts Clark struggled to find work in the 1920s and in 1931 he moved to California with hopes of finding work Instead he was introduced to the Unemployed Benefits Council a Communist affiliated relief organization For Clark the organization s mission of collective action coupled with respect and relief for the unemployed was the ideal political expression for the frustration he felt within the southern economy Upon returning to Louisiana in 1933 Clark used his newfound confidence to organize sugar plantation workers and sharecroppers on his own often hiding out in the woods to escape the persecution of landowners and town officials Known as the Black Ghost of Louisiana Clinton Clark worked to connect rural Louisiana with a larger southern farmers union movement an effort that culminated in the formation of the Louisiana Farmers Union in 1937 Helping small farmers and farm workers most of whom were black take advantage of President Franklin Roosevelt s agricultural benefit programs and form goods cooperatives that served to break down the tenant farmers reliance upon plantation commissaries Clark assisted Louisiana farmers in their search for an equitable income In 1942 Clinton Clark penned his autobiography at night while working at a trucking company in New Orleans and shortly afterwards he fled Louisiana for New York City In the years that followed Clark faced the FBI s Communist surveillance though his memoir suggests that Clark never wholeheartedly endorsed communism he simply wanted equality With an introduction and thorough annotations by Elizabeth Davey and Rodney Clark Clinton Clark s nephew Clark s unique narrative illuminates the relationships between labor and civil rights groups and their important work organizing against racial discrimination in the years before the modern civil rights movement

**The Entangled Labor Histories of Brazil and the United States**

Alexandre Fortes, Gillian McGillivray, Thomas D. Rogers, Fernando Teixeira da Silva, 2022-12-13 Workers in Brazil and the United States have followed parallel and entangled histories for many centuries Recent experiences with progressive popular presidents and authoritarian populist presidents in the two most populous countries in the hemisphere have underscored important similarities The contributors in this volume focus on the comparative and transnational histories of labor between

and across Brazil and the United States The countries histories bear the marks of slavery racism transoceanic immigration and rapid urbanization as well as strong regional differentiation and inequalities These features decisively shaped the working classes Brazilian and US labor history debates have erupted and subsided at different times This collection synthesizes those debates while adding new topics and new sources from both countries The international group of historians methodologically innovative chapters explore links resonances and divergences between US and Brazilian labor history They widen the scope of analysis for themes and problems that have long been familiar to historians of work and workers in the two countries but have not provoked close dialogues between scholars in the respective places Though the histories themselves were often entangled the debates about them have too rarely intertwined *The Third Reconstruction* Peniel E. Joseph,2022-09-06 One of our preeminent historians of race and democracy argues that the period since 2008 has marked nothing less than America s Third Reconstruction In *The Third Reconstruction* distinguished historian Peniel E Joseph offers a powerful and personal new interpretation of recent history The racial reckoning that unfolded in 2020 he argues marked the climax of a Third Reconstruction a new struggle for citizenship and dignity for Black Americans just as momentous as the movements that arose after the Civil War and during the civil rights era Joseph draws revealing connections and insights across centuries as he traces this Third Reconstruction from the election of Barack Obama to the rise of Black Lives Matter to the failed assault on the Capitol America s first and second Reconstructions fell tragically short of their grand aims Our Third Reconstruction offers a new chance to achieve Black dignity and citizenship at last an opportunity to choose hope over fear Emancipation Betrayed Paul Ortiz,2005-03-29 Paul Ortiz s lyrical and closely argued study introduces us to unknown generations of freedom fighters for whom organizing democratically became in every sense a way of life Ortiz changes the very ways we think of Southern history as he shows in marvelous detail how Black Floridians came together to defend themselves in the face of terror to bury their dead to challenge Jim Crow to vote and to dream David R Roediger author of *Colored White Transcending the Racial Past* *Emancipation Betrayed* is a remarkable piece of work a tightly argued meticulously researched examination of the first statewide movement by African Americans for civil rights a movement which since has been effectively erased from our collective memory The book poses a profound challenge to our understanding of the limits and possibilities of African American resistance in the early twentieth century This analysis of how a politically and economically marginalized community nurtures the capacity for struggle speaks as much to our time as to 1919 Charles Payne author of *I ve Got the Light of Freedom* **Encyclopedia of U.S. Labor and Working-class History** Eric Arnesen,2007 Publisher Description **Holstein-Friesian Herd-book** Holstein-Friesian Association of America,1929 A Companion to American Agricultural History R. Lethal Punishment Margaret Vandiver, 2005-12-22 Why did some offenses in the South end in mob lynchings while similar crimes led to legal executions Why did still other cases have nonlethal outcomes In this well researched and timely book Margaret Vandiver explores the complex relationship between these two forms of lethal punishment challenging the assumption that executions consistently grew out of and replaced lynchings Vandiver begins by examining the incidence of these practices in three culturally and geographically distinct southern regions In rural northwest Tennessee lynchings outnumbered legal executions by eleven to one and many African Americans were lynched for racial caste offenses rather than for actual crimes In contrast in Shelby County which included the growing city of Memphis more men were legally executed than lynched Marion County Florida demonstrated a firmly entrenched tradition of lynching for sexual assault that ended in the early 1930s with three legal death sentences in quick succession With a critical eye to issues of location circumstance history and race Vandiver considers the ways that legal and extralegal processes imitated influenced and differed from each other A series of case studies demonstrates a parallel between mock trials that were held by lynch mobs and legal trials that were rushed through the courts and followed by quick executions Tying her research to contemporary debates over the death penalty Vandiver argues that modern death sentences like lynchings of the past continue to be influenced by factors of race and place and sentencing is comparably erratic To Live Here, You Have to Fight Jessica Wilkerson, 2018-12-30 Launched in 1964 the War on Poverty quickly took aim at the coalfields of southern Appalachia There

the federal government found unexpected allies among working class white women devoted to a local tradition of citizen caregiving and seasoned by decades of activism and community service Jessica Wilkerson tells their stories within the larger drama of efforts to enact change in the 1960s and 1970s She shows white Appalachian women acting as leaders and soldiers in a grassroots war on poverty shaping and sustaining programs engaging in ideological debates offering fresh visions of democratic participation and facing personal political struggles Their insistence that caregiving was valuable labor clashed with entrenched attitudes and rising criticisms of welfare Their persistence meanwhile brought them into unlikely coalitions with black women disabled miners and others to fight for causes that ranged from poor people s rights to community health to unionization Inspiring yet sobering To Live Here You Have to Fight reveals Appalachian women as the indomitable caregivers of a region and overlooked actors in the movements that defined their time

**Development Drowned and Reborn** Clyde Woods,2017-07-01 Development Drowned and Reborn is a Blues geography of New Orleans one that compels readers to return to the history of the Black freedom struggle there to reckon with its unfinished business Reading contemporary policies of abandonment against the grain Clyde Woods explores how Hurricane Katrina brought long standing structures of domination into view In so doing Woods delineates the roots of neoliberalism in the region and a history of resistance Written in dialogue with social movements this book offers tools for comprehending the racist dynamics of U S culture and economy Following his landmark study Development Arrested Woods turns to organic intellectuals Blues musicians and poor and working people to instruct readers in this future oriented history of struggle Through this unique optic Woods delineates a history methodology and epistemology to grasp alternative visions of development Woods contributes to debates about the history and geography of neoliberalism The book suggests that the prevailing focus on neoliberalism at national and global scales has led to a neglect of the regional scale Specifically it observes that theories of neoliberalism have tended to overlook New Orleans as an epicenter where racial class gender and regional hierarchies have persisted for centuries Through this Blues geography Woods excavates the struggle for a new society

Absher,2023-09-19 One January day in 1923 a young boy came across the dead body of a twenty year old woman on a San Diego beach When the police arrived on the scene they found the woman s calling card which read simply I am Fritzie Mann Yet Fritzie s identity as revealed in this compelling history was anything but simple and her death eventually ruled a homicide captured public attention for months In Fritzie historian Amy Absher reveals how broader cultural forces including gendered violence sexual liberation and evolving urban conditions in the American West shaped the course of Mann s life and contributed to her tragic death Frieda Fritzie Mann had several identities during her brief life and the mysterious circumstances of her death raise as many questions as they do answers She was born in 1903 near the present border between Poland and Ukraine She and her family were Jewish immigrants who traveled to San Diego to find security and

prosperity In the last year of her life Mann became locally famous She had reinvented herself as a flapper and Oriental dancer She claimed to have friends in Hollywood and a movie contract On the night of her murder she said she was going to a party to meet her Hollywood friends instead she traveled to an isolated roadside hotel where she met her death An autopsy revealed that she was four and a half months pregnant Absher guides the reader through the intricacies of this true crime story as it unfolded from the initial flawed investigation to the sensationalized press coverage and the ultimate failure of the legal system to ensure justice on Mann s behalf Like other new women of her era Fritzie Mann adopted roles that promised liberation from the control of men In the end her life and early death suggest the opposite she became the victim of a culture that consumed women even as it purported to celebrate them **Index to Book Reviews in Religion** ,1995 **Seeking**
