*The Astronaut Maker* Michael Cassutt, 2018-08-01 One of the most elusive and controversial figures in NASA's history George W S Abbey was called the Dark Lord the Godfather and UNO short for unidentified NASA official He was said to be secretive despotic a Space Age Machiavelli Yet Abbey had more influence on human spaceflight than almost anyone in history His story has never been told until now The Astronaut Maker takes readers inside NASA to learn the real story of how Abbey rose to power from young pilot and wannabe astronaut to engineer bureaucrat and finally director of the Johnson Space Center During a thirty seven year career mostly out of the spotlight he oversaw the selection of every astronaut class from 1978 to 1987 deciding who got to fly and when He was with the Apollo 1 astronauts the night before the fatal fire in January 1967 He was in mission control the night of the Apollo 13 accident and organized the recovery effort Abbey also led NASA's recruitment of women and minorities as space shuttle astronauts and was responsible for hiring Sally Ride Written by Michael Cassutt the coauthor of

the acclaimed astronaut memoirs *DEKE* and *We Have Capture* and informed by countless hours of interviews with Abbey and his family friends adversaries and former colleagues *The Astronaut Maker* is the ultimate insider's account of ambition and power politics at NASA

**Intersectionality and Women's Access to Justice in Africa** J. Jarpa Dawuni, 2022-10-17  
Intersectionality and Women's Access to Justice edited by J Jarpa Dawuni propounds layered intersectionality as a paradigm for examining how gendered factors affect women's access to justice whether as judges or litigants Through intersectional and decolonial frameworks the contributors analyze the lived experiences of women and their access to justice by situating the courtroom as both a spatial and a temporal arena for seeking justice as litigants and for seeking access to the bench as judges This book examines patterns of mutually reinforcing discriminatory practices that women share based on common gender identities and depending on which identities are at play at a given point in time in both traditional and statutory courts The book provides recommendations for various justice sector providers

**The Lawyer's Style Guide** Peter Butt, 2021-02-25  
Clarity and precision in legal writing are essential skills in the practice and study of law This book offers a straightforward practical guide to effective legal style from a world leading expert The book is thoughtfully structured to explain the elements of good legal writing and its most effective use It catalogues all aspects of legal style topic by topic phrase by phrase usage by usage It scrutinises them all suggesting improvements Its dictionary arrangement makes it easy to navigate Entries cover matters such as abbreviations acronyms active and passive voice brackets bullet points citation methods cross referencing fonts document design footnotes gender neutral language numbering systems plain legal language punctuation the use of Latin in law structures for legal advices and documents and techniques for editing and proofreading Also covered are many words and phrases that non lawyers find opaque and obscure the aim being to show that lawyers can usually substitute a plain English equivalent that captures the legal nuances of the legalese Other topics include ambiguity deeds definitions provisos recitals simplified outlines terms of art tone and the various principles of legal interpretation With an emphasis on technical effectiveness and understanding the book is required reading for all those engaged in the practice and study of law

*Human Rights Behind Bars* Clara Burbano Herrera, Yves Haeck, 2022-11-14  
This book brings together leading authorities from the fields of international human rights law criminology legal medicine and political science with international human rights judges and UN experts to analyze the current situation of detainees in Europe the Americas and Africa This comprehensive volume offers a platform for reflecting on the complexity of the prison problem from a multidisciplinary perspective The authors address detention related issues with the aim of generating new ideas that contribute to both academic discussion and critical analysis Academic dialogue across the globe provides insights into various national and international carceral systems and how they deal with human rights behind bars At the same time the critical comparison helps to identify basic needs and practices that can work in multiple settings The contributors are respected experts and leading scholars in their fields and each has pursued prison and human rights research over the last

decades However this is the first time that they have come together in a multidisciplinary academic project This book aims to stimulate diverse actors to imagine alternative ways of engaging with persons deprived of their liberty in academia and in practice

*Lady Astronauts, Lady Engineers, and Naked Ladies* Karin Hilck, 2019-07-08 The book *Lady Astronauts Lady Engineers and Naked Ladies* is a gender history of the American space community and by extension a social history of American society in the twentieth century during the Cold War In order to expand and differentiate the prevalent postwar narrative about gender relations and cultural structures in the United States the book analyzes several different groups of women interacting in different social spaces within the space community It therewith grants insight into the several layers of female participation and agency in the community and the gender and race based obstacles and hurdles the female prospective astronauts scientists engineers artists administrators writers hostesses secretaries and wives were faced with at NASA and in the space industry In each chapter a different social space within the space community is analyzed The spaces where the women lived and worked are researched from a media individual and institutional angle ultimately revealing the differing gender philosophies communicated in the public sphere and the space community workplaces by government and space community officials While women were publicly encouraged to participate in the American space effort to beat the Soviet Union in the race to the moon women had to deal with gender based barriers which were integral to the structures of the space community just as they were an intrinsic component of all societal structures in the United States in the 1960s The female space workers who were often perceived as disrupters of the prevalent social order in the space community and discriminated by some of their male colleagues and bosses on a personal basis still managed to assert themselves They molded pockets of agency in the space community workspaces without the facilitation of regulations on the part of NASA that might have provided them with easier access or more agency Thus the space community a place of technological innovation was not necessarily also a place of social innovation but a community with a government agency at its center that mainly mirrored the current changing social order conventions and policies in the 1960s as well as in the 1970s and 1980s Nevertheless the women presented in this book were instrumental in advancing and consolidating the social transformation that happened within the space community and the United States and therefore make intriguing subjects of research Thus this systematic analysis of the connection between gender space and the Cold War adds a new dimension to space history as well as expands the discourse in American history about gender relations and the opportunities of women in the twentieth century
