Race, Economics, and the Politics of Educational Change John M. Amis,Paul M. Wright,2024-01-12 The 2010 national midterm elections produced Republican majorities in Tennessee for the first time since Reconstruction In the wake of that election leaders of the Shelby County Schools SCS school district began legislative maneuvering to advance a long

cherished goal granting their schools special school district status a move that would permanently sever the relationship between the SCS and the other school district in the county Memphis City Schools MCS Leaders of MCS realized this action would deprive it of funding from a significant part of the county's tax base So they made a stunning move of their own they renounced the MCS charter Ironically under Tennessee law this action required SCS to take over the running of Memphis's schools SCS would actually be forced to merge with MCS Thus began the largest school district consolidation in the history of the United States Race Economics and the Politics of Educational Change progresses through nine chapters that examine the MCS SCS merger from a variety of disciplinary perspectives Historical sociological political legal institutional urban planning media studies and educational analyses of the consolidation render John M Amis and Paul M Wright's volume a valuable tool for researchers students policy makers and educators alike The investigations in this work reveal deeply entrenched inequalities that have thwarted education particularly for poor minority students throughout the region's history This text presents insight into factors that have shaped not just the school system in Shelby County but similar systems across the United States A model for other urban areas that face similar challenges this volume will serve as a significant resource for those seeking to understand the trajectory of large scale educational transformations *Affirmative Action at a Crossroads: Fisher and Forward* Edna Chun, Alvin Evans, 2015-05-20 The urgency of developing workable race neutral admissions strategies that maximize the benefits of student diversity has increased This practical guide offers concrete recommendations and strategies for the creation of a campus ecosystem that maximizes the structural curricular and interactional benefits of diversity extensive empirical findings and a rich research literature opportunities for campuses to craft programs processes and intervention that maximize student learning outcomes related to diversity and alternative strategies for addressing disadvantage including the use of socioeconomic status and state based percent plans This book provides a comprehensive overview of key issues and strategic approaches that will assist institutions of higher education in fostering demographic diversity and building inclusive and welcoming campus environments This is the fourth issue of the 41st volume of the Jossey Bass series ASHE Higher Education Report Each monograph is the definitive analysis of a tough higher education issue based on thorough research of pertinent literature and institutional experiences Topics are identified by a national survey Noted practitioners and scholars are then commissioned to write the reports with experts providing critical reviews of each manuscript before publication **Web-Based Services: Concepts, Methodologies, Tools, and Applications** Management Association, Information Resources, 2015-11-09 The recent explosion of digital media online networking and e commerce has generated great new opportunities for those Internet savvy individuals who see potential in new technologies and can turn those possibilities into reality It is vital for such forward thinking innovators to stay abreast of all the latest technologies Web Based Services Concepts Methodologies Tools and Applications provides readers with comprehensive coverage of some of the latest tools and technologies in the digital industry The chapters in this multi volume

book describe a diverse range of applications and methodologies made possible in a world connected by the global network providing researchers computer scientists web developers and digital experts with the latest knowledge and developments in Internet technologies **Holding Together** John Shattuck,Sushma Raman,Mathias Risse,2022-05-31 A bold new assessment of the multipronged attack on rights in the United States and how to push back An overwhelming majority of Americans agree that rights are essential to their freedom and that rights today are severely threatened The promise of rights has been reimagined at pivotal moments in American history from the American Revolution to the Civil War to the Civil Rights Movement Can today become another time of transformation Holding Together is about the promise of rights as a source of American identity the struggle to realize rights by countless Americans to whom the promise has been denied or not fulfilled the hijacking of rights by politicians who seek power by dividing and polarizing and the way forward in which rights can bring Americans together instead of tearing them apart Drawing on a series of town hall meetings with representative groups of citizens across the country discussing their concerns over rights new national opinion polls from all demographic groups and political perspectives conducted in 2020 and 2021 and extensive research Holding Together is a road map for an American rights revival John Shattuck Sushma Raman and Mathias Risse present a comprehensive account of the current state of rights in the United States and concrete recommendations to policy makers and citizens on how to reclaim them
